

## How Children Build Their Understanding of Numbers

### What's In This Kit?

This training kit introduces how children build their understanding of numbers during the early childhood years. It contains:

- Expected training outcomes
- Preparation Instructions
- Training strategies and tips
- Implementation steps
- Follow-up activities for teachers
- Follow-up activities for administrators/directors
- A learning assessment
- A training evaluation/further needs assessment
- A resource list
- The article "How Children Build Their Understanding of Numbers" by David Elkind
- A training certificate to award to teachers for attendance and participation
- A certificate for the trainer and other presenters

### Who's the Target Audience?

The target audience for this kit is beginning and intermediate teachers working with children from age 18 months to 8 years.
