Academic Policies & Procedures Committee Meeting No. 13
MINUTES

1. CALL TO ORDER AND ROLL CALL

A motion was made and seconded to call the May 12, 2011 AP&P Committee Meeting to order at 3:05 p.m. Ms. Maria Clinton, AP&P Faculty Co-Chair, called the meeting to order at 3:05 p.m. Motion carried.

2. OPENING COMMENTS FROM THE COMMITTEE CO-CHAIR

Ms. Maria Clinton requested a motion to table item 8a PHIL 109 World Religion since the requested revisions have not been completed by the instructor. A motion was made and seconded to table item 8a PHIL 109 World Religion. Motion carried.

3. APPROVAL OF MINUTES

a. **April 14, 2011**

A motion was made and seconded to approve item 3a Approval of Minutes: April 14, 2011. Ms. LaDonna Trimble stated that some minor changes were necessary, which will be emailed shortly after the meeting. Motion carried as revised.

b. **April 28, 2011**

A motion was made and seconded to table item 3b Approval of Minutes: April 28, 2011. Ms. Maria Clinton stated that when the language is finalized this will be on the next agenda or emailed for an electronic approval. Motion carried.

4. INFORMATIONAL ITEMS

a. **11-12 Courses Ready for Revision**

Ms. Maria Clinton made an announcement that list of courses that need to be revised in the 11-12 academic year are attached to this packet. The list will be reevaluated after the May 28, 2011 meeting and courses from this year will be added to that list if they were not approved. She continued to state that CurricUNET will be offline from June 20-August 1, 2011 in an effort to revise and update the system and the approval processed. She also stated that any course that appears on these lists must be revised and approved by the AP&P Committee no later than December 8, 2011. Any course approved on a later date will not be incorporated in the 12-13 College Catalog and potentially will have scheduling restrictions during the 12-13 academic year if the existing Course Outline of

Record becomes outdated prior to the revised version being implemented. Several comments were made regarding the fact that faculty can only be encouraged so much by this committee. Mrs. Sharon Lowry stated that the AP&P Committee will then need to hold strong to those deadlines since offering a course on an outdated course outline of record would but Antelope Valley College in violation of Title 5 and accreditation. If we continue to allow these types of issues to occur then we can potentially receive a penalty from accreditation.

5. DISCUSSION ITEMS

a. Mission Statement

Ms. Maria Clinton asked the AP&P Representatives to report the consensus of their division on this topic:

- Business, Computer Studies, and Economics Development – The mission statement is much too long, it was redundant and Mrs. Beverly Beyer will email those responses.
- Health Sciences – Fine
- Instructional Resources / Extended Services – Will email responses
- Language Arts – Not present
- Math & Engineering – Fine
- Science – Fine
- Physical Education and Athletics – Fine
- Social Behavioral Sciences – No response to email request. Fine
- Student Services/Counseling – The mission statement is too long
- Technical Education – Fine
- Visual and Performing Arts – Will email responses
- Students – Fine

Ms. Maria Clinton stated that Mr. Mike Rios posed a question regarding the vote for the upper division unit cap of twelve units discussed at the last meeting. She asked the committee whether or not they wanted to table this item and reevaluate it in the fall or if we want to move forward with 12 units or 4 courses as the maximum. Mrs. Sharon Lowry stated that from an academic standpoint it is more appropriate to speak in terms of course units rather than number of courses since there is such a variation in course unit value. After a brief discussion and reiteration of what was stated at the last meeting, the committee agreed that it was necessary to bring forward the clear guidelines and procedures for implementation of accepting upper division course work. Dr. Lee Grishman stated that those guidelines would be easier to establish if the limitations were set. A motion was made and seconded to establish 12 units as the maximum number of upper division transferrable course work that can be applied to a student's record. Motion carried. The subcommittee established at the last meeting, which was made up of Dr. Lee Grishman and Ms. LaDonna Trimble, is still tasked with the development of those procedures and guidelines. Once the documentation is developed it would then be brought back to the committee and a motion will be made to approve that documentation.

- Requesting Articulation to UC

A motion was made and seconded to approve the course revisions to COMM 116 Forensics. Mr. Tom Graves was present to discuss the changes made to the course and stated that it seems that the content is incorrect. Ms. Maria Clinton stated that comments were noted in CurricUNET that requested justification for the use of an older textbook, as well as the course unit value being set at 3 hours a week and 3 units earned to keep in line with the transfer modal degree in Communication Studies. Mr. Graves requested to provide the originating instructor justification for the four units, four weekly designation, which is that the students will easily earn the four units practicing with the speech coach, if there are only three units students will be completing the hours but not receiving credit and by reducing the hours there will be less competitions completed and the team will be less competitive. Mrs. Margaret Drake responded that at some point we need to determine the rationale and standard of what is appropriate and with the transfer modal in place it states that students for this class should only receive three units. Mrs. Sharon Lowry also responded that some of what students are being asked to complete for that additional unit sounds more like homework time rather than class time. Dr. Lee Grishman also stated that it is in the best interest of the transfer degree to set this course at three units. Ms. Maria Clinton requested the originating faculty to bring the course back to the committee as a second reading after double checking the accuracy of the course content and to set the units earned and hours weekly to three. Motion failed.

Ms. Maria Clinton also requested that the Scans Competencies be removed from the objectives section since the objectives were not workplace related. Also a clarification was made regarding the repeatability; any combination of these courses can not be repeated more than three times. Motion carried with maximum enrollment at 32.

A lengthy discussion took place regarding statements made at the State level, which were that the repeatability of Physical Education courses may be eliminated due to the cost of offering such courses. Mr. Green asked how are students who are wishing to further their own development and understanding of the sport going to receive the knowledge and skills. Ms. Maria Clinton explained that at the State level they may be requesting the District to fund those courses if we still want to offer such courses without state funds. Dr. Lee Grishman wanted to make a separate statement regarding the use of CSU and UC at the end of a course description.
