Response Details

Admissions	<ul style="list-style-type: none"> Ease of Admission and OSD helpfulness 	<ul style="list-style-type: none"> How easy it is to register for classes and see where I need to be in my career goals.
Affordability of Classes	<ul style="list-style-type: none"> That it is affordable. The cost of getting an education. 	<ul style="list-style-type: none"> The quality of educators & programs available for the best price in a community-centered location.
ASO	<ul style="list-style-type: none"> ASO and their awesome work Food pantry Honors program, Financial aid, Computer labs, printing machines, Library, AVC Foundation, ASO I like to communication thru emails, that is how I found out about ASO and decided to get ASO sticker I was pleased with ASO giving free copies and printing. This has helped me out for this pass semester. 	<ul style="list-style-type: none"> The ASO and clubs active on campus. The resources available to students such as the learning center, and the workshops they hold. The health newsletter is informative. The ASO treasurer, Kevin Robles The EOPS/CARE program. The cleanliness of the campus. Also the 30 free prints provided with the ASO's sticker. The motivation of our current ASO
Assistance on Campus	<ul style="list-style-type: none"> Detailed instructions and clarity for their new students Different opportunity to get help. How easy it is to get help How the college is here for the students I like the basic services the college offers In how easy it is to get help and how easy it is to use myAVC. It's very helpful when you need information. Many resources mostly good facilities/resources available service The services and dedication provided The support given students to reach their goal of graduation.. 	<ul style="list-style-type: none"> The additional resources AVC offers to assist students with their educational goals. The availability of different organizations to help students The help AVC offers for those who need assistance. The help that is available. The help that is given to the students The help you get when needed The kindness and interest provided, at all times. The quality and array of teachers, classes, and services which are offered. the services There are a lot of resources available to students that are looking for them
Athletics	<ul style="list-style-type: none"> Sports 	<ul style="list-style-type: none"> The girls soccer team
Availability of Classes	<ul style="list-style-type: none"> Availability of needed classes I always get the classes I need. I am glad there are more classes available. subject and times that are most convenient and work with my work and school schedule. The quality and array of teachers, classes, and services which are offered. The variability of class times throughout each week The variety of courses offered in the evening. Time availability and numerous sources 	<ul style="list-style-type: none"> Love the opportunity to be able to have summer and intersession and have the library open on Saturday and have computer labs open late and job placement assistance. The number of classes with each The vast amount of programs available. Even if I do not use them all, I like to know they are there. It makes it easier to be a full-time mom, part-time worker, and full-time student. There are more classes available than in past years.
AVC Foundation	<ul style="list-style-type: none"> Honors program, Financial aid, Computer labs, printing machines, Library, AVC Foundation, ASO 	

BA/BS Program	<ul style="list-style-type: none"> • BA/BS degree classes on campus. 	<ul style="list-style-type: none"> • The attempt to bring a Bachelorette pilot program.
Books HELP Program	<ul style="list-style-type: none"> • The books help program 	
Bookstore	<ul style="list-style-type: none"> • The campus scenery, availability of books that are on use for students who can't afford to buy books. 	
Cafeteria	<ul style="list-style-type: none"> • Cafeteria • Food is always available before 5 :D • The cafeteria food • The cafeteria food. 	<ul style="list-style-type: none"> • the cafeteria has really good food. • The food • the food and being able to get in contact with the teachers
CalWORKS	<ul style="list-style-type: none"> • Cal works assistance • CALWORKS 	<ul style="list-style-type: none"> • CalWORKs and learning center • the help from learning center and CalWORKs
Campus Cleanliness	<ul style="list-style-type: none"> • How clean the school is. • I like that the campus is kept cleaned. • I like that the professors have a course objectives and class schedule beforehand to plan ahead and not waste time. I like the summaries of the textbooks, the available textbook in the library, the computers, the people that provide cleaning service do a • I'm most pleased with the cleanliness of the campus. • It's a clean campus. Like that it has new buildings. • The campus scenery, availability of books that are on use for students who can't afford to buy books. 	<ul style="list-style-type: none"> • The clean campus and the abundance of programs offered. • The EOPS/CARE program. The cleanliness of the campus. Also the 30 free prints provided with the ASO's sticker. • the health building, the new computers, the new printing machines, the assistance throughout the campus. The clean, grounds, bathrooms, and computer labs. • The overall cleanliness of the campus. • the recent updates in campus wide Wi-Fi and the cleanness of the campus
Campus Community	<ul style="list-style-type: none"> • Friendliness • I always find everyone very helpful and that in itself makes it less stressful to be a college student • Involvement in Students' lives • Peaceful • People 	<ul style="list-style-type: none"> • The environment • The overall atmosphere of welcome • The overall experience over the past four years. • the people • The students
Campus Growth / Improvements	<ul style="list-style-type: none"> • How much it has improved in the last year. • I am pleased with how the campus is updating. • Improvements to the campus are nice. The change in the enrollment policy (added drop dates) was an excellent change. 	<ul style="list-style-type: none"> • The new direction its headed. The change of ghetto to modern. • the recent updates in campus wide Wi-Fi and the cleanness of the campus • Its attempts to keep growing • The growth of the campus
Campus Location	<ul style="list-style-type: none"> • I'm most please with location of the college. • Location and professors • proximity to home, availability to attend college courses, low key atmosphere 	<ul style="list-style-type: none"> • The location • The quality of educators & programs available for the best price in a community-centered location.
Cashier	<ul style="list-style-type: none"> • Easy to pay now 	

<p>Class Registration</p>	<ul style="list-style-type: none"> • Online registration • Priority registration and in general I am pleased with all • Some of the professors are amazing. Priority registration is awesome. • The ease of registering for classes. 	<ul style="list-style-type: none"> • The ability to wait list and new payment requirements has made things immensely easier in regards to obtaining classes. • The ease of online registration.
<p>Classes</p>	<ul style="list-style-type: none"> • Academic opportunities • CLASS SCHEDULING • Class times • Classes • Course line up • Easy to get in and out of. • How smooth my first semester has been. The classes and teachers I had were very fun and interesting. • I like the ability to choose my classes that fit my schedule and I enjoy how passionate a few of the teachers are. • I would consider the classes and the campus. • Math and science classes • More classes • More classes available • Most of the classes. • My classes and tutoring • Programs available for us! • Programs offered • The programs available. The ones I've participated in at least 	<ul style="list-style-type: none"> • That I can smoke a cigarette right when I get to my car & the classes I have taken so far have all been okay. • That I'm able to get all the classes I need. • That they are now offering a better variety of classes. • that they usually offer the classes that i need • The classes that are provided at the Palmdale campus. • The classes that AVC offers. • The clean campus and the abundance of programs offered. • The courses that they offer • the curriculum is tougher than most community colleges which will look better if I want to transfer • The education • The grading system and the morning classes • The staff and classes
<p>Counseling</p>	<ul style="list-style-type: none"> • Counseling awareness • Counseling Center staff. They are helpful and are nice about it • Counselor • I am most pleased with the Counseling Center. • Professors and Counselor. Learning Center • The office for students with disabilities and the learning center and the counselors. 	<ul style="list-style-type: none"> • The counseling department has really friendly and knowledgeable people that always give me sound advice and guide me in my education goals. • The counseling provided at AVC is very good help. • The Counseling they helped me change my major so when i transfer more classes line up with my BS • The Counseling Center • Counseling department.
<p>EOPS</p>	<ul style="list-style-type: none"> • The EOPS/CARE program. The cleanliness of the campus. Also the 30 free prints provided with the ASO's sticker. 	
<p>Everything</p>	<ul style="list-style-type: none"> • All departments that I had hosted the personal is very helpful to me • All services • All the ABOVE checked program help me tremendously....priceless.. • All the different programs to assist student success. • All the help that they give me. • All the services offered • Overall a great experience! 	<ul style="list-style-type: none"> • all the support in help offered • Campus in general • Everyone is help full. • Everything • Everything, I guess. • EVERYTHING!!! • I am pleased that people are able to do everything in AVC. • I am pleased with everything at AVC

Facilities	<ul style="list-style-type: none"> • The facilities • The facilities available for the students 	<ul style="list-style-type: none"> • They have lots of spaces where you can sit and wait for your next class.
Financial Aid	<ul style="list-style-type: none"> • Honors program, Financial aid, Computer labs, printing machines, Library, AVC Foundation, ASO • So far, being that I m a first time student at AVC. As of right now, I am pleased with the financial aid department and the opportunity to do be joining your classes on line. • financial aid 	<ul style="list-style-type: none"> • The affordability and financial assistance. • The financial assistance, the convenience of location, the facilities. • The help in the finance office • Functionality of the financial aid dept • Financial aid office and student services
Health Services	<ul style="list-style-type: none"> • Medical care, 95% of my professors. They are top notch! 	<ul style="list-style-type: none"> • The Caravan services.
Honors Program	<ul style="list-style-type: none"> • Honors Program and Library • Honors program • Honors program, Financial aid, Computer labs, printing machines, Library, AVC Foundation, ASO • I am highly impressed with the tutors at the STAR program and the Honors Program. • The honors program. 	<ul style="list-style-type: none"> • I am most pleased with AVC's willingness and ability to change. The campus faculty and administration are not close-minded but ready to expand whenever the opportunity arises. I am also highly pleased with the Honor's program at Antelope Valley College. • The honors program
Health and Science Bldg.	<ul style="list-style-type: none"> • HE Building and public Wi-Fi • Health and Science Building • HS building • I am most pleased with the Health and Science building. • I love the new Health and Science Building, it is great. • Science building • science department 	<ul style="list-style-type: none"> • The health and sciences lab. • The health building, the new computers, the new printing machines, the assistance throughout the campus. The clean, grounds, bathrooms, and computer labs. • The Learning Center, the computer labs and the Health Science building. • The health and science building
IMC	<ul style="list-style-type: none"> • Polite nature in the IMC. 	
IT	<ul style="list-style-type: none"> • Email system is great. • HE Building and public Wi-Fi • high tech office • Honors program, Financial aid, Computer labs, printing machines, Library, AVC Foundation, ASO • I am most pleases with the Wi-Fi access • I am very happy that we eventually got Wi-Fi on the campus. • I'm most pleased with their alert system • New printing machine • Online access to different information • Opportunities to access tech to produce/concrete your ideas • Sharing of information. • The school is a Wi-Fi zone now 	<ul style="list-style-type: none"> • The computer lab just for business classes. • the computer labs • The computer labs. • The health building, the new computers, the new printing machines, the assistance throughout the campus. the clean, grounds, bathrooms, and computer labs. • The labs • The Learning Center, the computer labs and the Health Science building. • The new Wi-Fi availability and the new computer lunge area. • Their new printing stations • You notify students immediately when issues arise. Great computer system. Keep up the good work.
Job Placement	<ul style="list-style-type: none"> • Job placement assistant student with the resume and job preparation 	

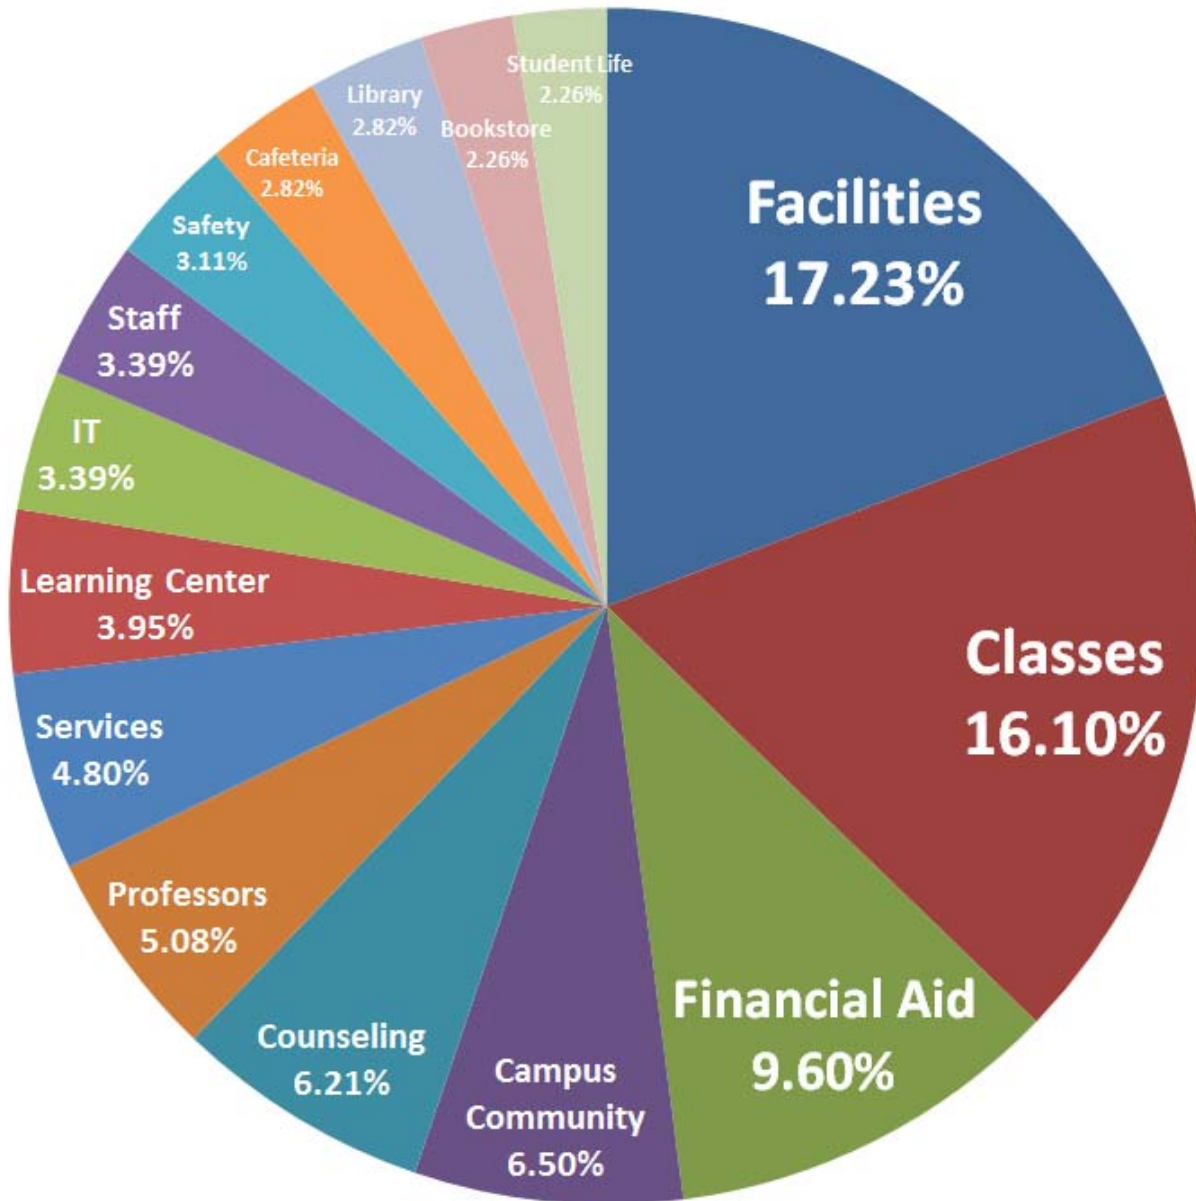

<p>Learning Center</p>	<ul style="list-style-type: none"> • CalWORKs and learning center • I am most pleased with the learning center. • I am really pleased with the Learning Center. It has helped me so much since my start at AVC. • I like the learning center. It is very convenient when you need to print something or need to use the computer for a little while. • Learning center • Learning Center. • Math tutoring in the learning center and the star tutors • OSD & learning center • Professors and Counselor. Learning Center study. • The Learning Center, the computer labs and the Health Science building. • The Learning Center. • The Learning Center. I have used it a lot with my classes and it has helped me out. • The Resources available at the Learning Center • the star program and the learning center • The tutoring center • The tutors at the learning center • This past semester, fall 2014 I had been going to the learning center for extra help for my Statistics class and oh boy did it make a difference in my grade! • The library • The library and professors • The library study rooms. 	<ul style="list-style-type: none"> • The ASO and clubs active on campus. The resources available to students such as the learning center, and the workshops they hold. The health newsletter is informative. • The free math tutors • the help from learning center and CalWORKs • the help I get at the learning center • The learning center • The Learning Center • The learning center and the library. • The learning center and the tutors that helps you out. • The learning center and tutoring programs. • The Learning Center for help and the Library for private rooms needed to • The learning center. The workshops offered are very helpful. • The learning center • The Math tutors in the learning center are very helpful. They are all nice and such good tutors. • The office for students with disabilities and the learning center and the counselors. • The professors are pretty awesome and the learning center tutors are fantastic. • Honors Program and Library • Honors program, Financial aid, Computer labs, printing machines, Library, AVC Foundation, ASO • The Learning Center for help and the Library for private rooms needed to study.
<p>Library</p>	<ul style="list-style-type: none"> • I like that the professors have a course objectives and class schedule beforehand to plan ahead and not waste time. I like the summaries of the textbooks, the available textbook in the library, the computers, the people that provide cleaning service do a 	<ul style="list-style-type: none"> • Library • Library and computer lab • Study rooms • The learning center and the library.
<p>Music Program</p>	<ul style="list-style-type: none"> • The applied music program 	
<p>Nursing</p>	<ul style="list-style-type: none"> • AVC Nursing 	
<p>Online Classes</p>	<ul style="list-style-type: none"> • Diversity with online classes. • Online Course • Online ease of it all • The online opportunity that i have with this school is something I am pleased with. 	<ul style="list-style-type: none"> • So far, being that I m a first time student at AVC. As of right now, I am pleased with the financial aid department and the opportunity to do be joining your classes on line.

<p>OSD</p>	<ul style="list-style-type: none"> • Disabilities • Ease of Admission and OSD helpfulness • OSD • OSD & learning center 	<ul style="list-style-type: none"> • The disability office Louis Lucero • The help I have received from OSD. • The office for students with disabilities and the learning center and the counselors.
<p>Palmdale Campus</p>	<ul style="list-style-type: none"> • The Palmdale campus • There are classes available in Palmdale 	<ul style="list-style-type: none"> • There is a Palmdale location for classes
<p>Photography Program</p>	<ul style="list-style-type: none"> • The photography program 	
<p>Professors</p>	<ul style="list-style-type: none"> • About the professors. • Being able to be taught by great professors. • Feedback from professors • good teachers • Good teachers! • I am most pleased with the teaching staff at AVC... There are some amazing teachers that made learning fun. • I can honestly say the professors ive had are for the most part really great! • I like that the professors have a course objectives and class schedule beforehand to plan ahead and not waste time. I like the summaries of the textbooks, the available textbook in the library, the computers, the people that provide cleaning service do a • I love the professors • I really liked most of my teachers last semester, and although the work was sometimes challenging, they were willing to take time out of their schedules to help students understand the concepts. The instructors were approachable and just helpful overall. • Incredible quality of instruction and education from every single instructor I've had. • instructors • Instructors at Palmdale location • It gives an opportunity to expand your education and the professors are great • Local, good to excellent staff and professors, curriculum focusing on goals, not being a perpetual student. • Location and professors • Medical care, my 95% of my professors. They are top notch! • most teachers have been very involved • Professor Langjahr • professors • Professors and Counselor. Learning Center • Professors • Rae Agahari 	<ul style="list-style-type: none"> • Great professors, and close to home • How helpful the professors are. • How smooth my first semester has been. The classes and teachers I had were very fun and interesting. • I am most pleased with the instructor there ways of teaching is lectures are simple and to the point. • I am most pleased with the professors. • The professors are pretty awesome and the learning center tutors are fantastic. • The professors I have had so far are great for this level. • The professors who work much harder than they are paid too in order to actively help students. The open-minded and interesting clubs. • The quality and array of teachers, classes, and services which are offered. • The quality of educators & programs available for the best price in a community-centered location. • The quality of the professors. • The student teacher relationships are great. Having a teacher who gives you the ability to work with your schedule is key to success, as adults we don't have the time luxury that high schoolers do and having a good teacher can make a world of difference. • the teacher • The teacher performance. • The teachers • The teachers are great. • The teachers at AVC are what I am most pleased with; most of them are genuinely concerned for our academic well-being. • The teachers seem well educated in their field. • The Teachers. I felt that they actually cared about one's academic standpoint and if you were failing behind they took the initiative to help you. • The wonderful instructors • So far my teacher/professors have all been great.

	<ul style="list-style-type: none"> the instructor's willingness to help you in any way and by all means possible to make sure we have good understand of the material, an overall nice college feel to it. The library and professors The majorities of professors are passionate and want you to succeed. The Palmdale site, which saves me a trip to Lancaster. The instructors are pleasant and staff too. The instructors give good advice and patient. 	<ul style="list-style-type: none"> Some of the professors are amazing. Priority registration is awesome. some teacher Some Teachers teacher are ok so far Teachers Teachers commitment Teachers we need more classes though The academic programs/teachers, and tutoring the instructors
Safety	<ul style="list-style-type: none"> Fun atmosphere, protection of police on school The Added lighting around the parking areas and Wi-Fi. 	<ul style="list-style-type: none"> The fact that AVC inforce the rules no matter who attends. The police presence Safe environment.
Spotlight Newsletter	<ul style="list-style-type: none"> The ASO and clubs active on campus. The resources available to students such as the learning center, and the workshops they hold. The health newsletter is informative. 	
Staff	<ul style="list-style-type: none"> All the work the staff does to keep the campus going Excellent science faculty and staff Faculty and staff Helpful staff How helpful staff and students are. I am most pleased with AVC because when I had a question concern or problem the AVC faculty are a always willing to go the extra mile to help me out I am pleased with the help staff members give. They are very understanding and communicate well. The friendly staff. The instructors are pleasant and staff too. The passionate staff and workers those are always willing to help. the staff The staff and classes 	<ul style="list-style-type: none"> Local, good to excellent staff and professors, curriculum focusing on goals, not being a perpetual student. staff helpfulness The best place to be here in Antelope Valley great staff and always been real polite to me... The departments that I visited, the student workers and Staff are very helpful. The fact that when you call an office, you aren't on hold for forever. The faculty and staff at AVC are excellent! I have had many good teachers; some so good that they have changed my life. The staff seems very understanding and informed. willing to help Willingness to help those who want to be helped
STAR Program	<ul style="list-style-type: none"> I am highly impressed with the tutors at the STAR program and the Honors Program. Math tutoring in the learning center and the star tutors 	<ul style="list-style-type: none"> Stars The star program and the learning center
Student Life	<ul style="list-style-type: none"> Bingo I like the way this group puts on many activities for students to be active in and be a part of. The activities The activity, that comes to this campus 	<ul style="list-style-type: none"> The things I participate in. The things they do for the students. Student life There are always events going on in the main square on campus.

<p>Student Services</p>	<ul style="list-style-type: none"> • I love the support services provided on campus to help support students in their educational success. 	<ul style="list-style-type: none"> • Exceptional services provided for students.
<p>Veteran Center</p>	<ul style="list-style-type: none"> • The Vet center • The Veterans Center is the best place on campus. 	<ul style="list-style-type: none"> • Vet Center • Veterans resource center and office for students with disabilities

Response Details

<p>Admissions</p>	<ul style="list-style-type: none"> • The lack of assistance in the financial aid and registration office • The attitudes and lack of any help whatsoever from the financial aid and registration clerks. Seeing as how students heavily rely on these two services specifically, there should be no lack of professionalism. Unacceptable. • Registering for classes 	<ul style="list-style-type: none"> • I'm least please with the long lines for financial aids and admission office when class starts for the semester. • Enrolled once in an early start course unaware they even existed. Resulted in a "W" sometimes I feel info is hard to come by
<p>ASO</p>	<ul style="list-style-type: none"> • The lack of awareness of student clubs • that the club I'm in do not receive any support from the school • I am not so sure what programs are available. Also when can you see ASO and participate. • Discounts offered with ASO pass 	<ul style="list-style-type: none"> • Inactive student reps. ASO does less activities (on campus anyway...they don't hesitate to go to a conference on the student's dime just to turn around and NOT apply what they've allegedly learned). ASO hasn't done anything to better AVC in YEARS.
<p>Athletics</p>	<ul style="list-style-type: none"> • There is no men's soccer 	
<p>Auxiliary Services</p>	<ul style="list-style-type: none"> • Vending machines and parking 	
<p>Bookstore</p>	<ul style="list-style-type: none"> • The use of AVC specific text books that cost exceptionally more than their mass printed counterparts is frustrating to say the least. There also seems to be a shortfall in office staffing, waits are too long and all too often students miss out on much needed help because the staff is overburdened, I think both extended office hours and an uptick in staffing would both be worthwhile. Finally I cannot help but mention the teachers, in general, tend to "put up with" far too many disruptive, obnoxious, and rude students. I understand that, in part, it is at the teachers discretion to take action in such cases, however I would like to see more of a zero-tolerance policy adopted. 	<ul style="list-style-type: none"> • the student store • The overall help offered to new students and the extremely high cost of books in the bookstore. • The closing time of the library and bookstore • Students are not challenged enough so we aren't prepared when it comes time to transfer. The bookstore needs more reasonable prices. • Some rude staff at the student store! • high prices for books • EBT not being accepted in the bookstore
<p>Cafeteria</p>	<ul style="list-style-type: none"> • We could have a better cafeteria; cleaner, quicker, more interested in providing good service and food. Subway is an improvement but, not much. • the waiting lines for financial aid.. too long, unbelievable wait time to just turn in a piece of paper, or even to hear that we can't help you. I should be able to get some assistance over the phone or a quick line to just turn something in. Something Must Be done. It's year after year dreading do an appeal. I also displeased with the cafeteria, whenever I go in there I turn around and walk out. The set-up, design of ordering the food. it's just not a very warm place to be. I feel lost compared to the newness of the health building. • The Food Choices 	<ul style="list-style-type: none"> • The cafeteria. • The cafeteria • The cafeteria • The Cafe • I'm least pleased with the Cafeteria, where the food is prepared. It's never opened on time, always late, and usually takes some time to prepare the food. • Cafeteria closes early for night class students • Cafeteria

CalWORKs	<ul style="list-style-type: none"> • Cal Works 	
Campus Cleanliness	<ul style="list-style-type: none"> • Trash 	
Campus Community	<ul style="list-style-type: none"> • walking far to another class • Too many people • The students • the smoking policy is not enforced, if at all. Also, people freely smoke marijuana on campus. campus security and police intimidate students and anyone on campus; harassment is also an issue. Financial aid takes too long to be distributed. not enough honors classes. • The smoking in the parking lot • The packed classes and overcrowded campus. • The culture of the campus. Staff talks down to you and treats individuals like they are incompetent. The student workers are not dressed to be in a business atmosphere nor do they handle themselves in a professional manner. • Scheduling for classes, overlapping class times so unable to take certain classes in one semester. Having to take arts classes. People smoke on campus and don't get caught/prosecuted. • Smoking should be prohibited on the campus and parking lot. 	<ul style="list-style-type: none"> • Rampant cheating during tests. • Overpopulated • Our overall school moral and spirit • No one really socializes this is a community college that is let me take my classes and get out of my face, I really don't like the attitude here. • need vending machines that read Debit Cards. • Leaf blowing during lecture. But that is only annoying for a minutes. • Lack of language and dress code. How blatant and graphic the language often is, and how no one is held to account over it. • it isn't very pretty • I'm not displeased but surprised by the limited interaction with community, given the great potential to outreach • I feel very alone here; very lost • CRAZY DRIVERS • Some of the students are disrespectful with their over affection with their boy/girlfriends. This is COLLEGE NOT HIGH SCHOOL and I think they should act like YOUNG ADULTS. • smoking on campus at all • smoking and rude students
Classes	<ul style="list-style-type: none"> • You can never get into classes you really need. • Unavailability of some classes • They don't have a lot of higher language courses. • There isn't enough classes for such a highly populated campus • there is not enough honors classes open per semester • There aren't enough available classes at the Palmdale Campus • There are not more classes offered at the Palmdale campus. • The struggle to get the classes needed to complete an education. My registration date is always too far out. • The selection of classes on Monday and Wednesday. There aren't enough time options. Especially for more advanced courses such as calculus, physics, and chemistry. • The packed classes and overcrowded campus. 	<ul style="list-style-type: none"> • You need more classes. In some cases there is only one class available with only one teacher. You need to stabilize costs. Some maintenance issues take too long to repair (elevators, handicapped doors, lighting, etc. How long it takes to get certificates after you apply, why aren't they automatically issued upon completion of the necessary courses? You need to have a designated smoking area where students can feel safe when they smoke and provide some sort of ashtrays for them. Smoking is a fact of life, don't try to erase it and I don't smoke but I have to walk through the smokers to get to my car. • The limited amount of Online Courses • The lack of variety of classes. • The lack of the option for online classes for every single class • The lack of classroom availability • The lack of classes for students that can't get in.

	<ul style="list-style-type: none"> • The availability of resources for students who work 9-5 and go to school at night. There should be more flexibility in time for those students who can't make a 12pm workshop because of work or other responsibilities. Also, documents that are placed in the hallways aren't maintained throughout the semester. • The ability to learn and pick up skills in my career field • That night classes end really late. • Some courses I wish to take are not offered in the evening. I would also like to work toward a Bachelor Degree after earning my Associates Degree without having to attend a different college. • shortage of available classes/times • Organization such as no waiting list for classes. Teachers get to choose how they pick students who are crashing and it's unfair. Also the counseling office never answers the phone to solve simple problems. • on-line courses are too expensive • Not getting the classes I wanted to get. • Not enough science classes and the limited availability of them. Also I'm not pleased with the priority registration order. I am a "A" "B" student paying all cash for my classes and books. I do not receive any type of cash assistance from any aid programs at all and I cannot get into the classes I need! It is ridiculous! • I wish some classes were offered later at night. it would make work children and school more applicable at the same time • I live in Palmdale so I would really appreciate a wider variety of classes be offered in the Palmdale campus • How classes fill up so quickly and there isn't much variety of teachers for certain classsss. • Hard to find the courses that I would like to take • Graphic design class isn't comprehensive. • General Education requirements • Difficult to get classes you need • Classes • Class times and size limits <ul style="list-style-type: none"> • The fact that there aren't many classes available at the Palmdale center. • The choices of degrees that were introduced as part of the Bachelorette pilot programs at AVC. The aircraft building jobs are great paying jobs, but we should offer it for early childhood bachelor's degrees since they are the lowest paid fields. I'm sure there are other fields that require a bachelor's but also don't pay as much. • scheduling of classes available during each semester • Scheduling for classes, overlapping class times so unable to take certain classes in one semester. Having to take arts classes. People smoke on campus and don't get caught/prosecuted. • Priority registration and lack of classes • Please add more online classes. • Over populated. Not enough classes. The amount of students who abuse financial aid and take seats from students who need the class • Not enough classes • Not enough online classes. • No space in classes • Needing to crash classes & limited class at the Palmdale campus • Limited online classes. • Limitations in evening classes • Lack of late evening science courses and parking • It takes to long to transfer from AVC to a university that's all • Honestly since I came from Pierce College five years ago I don't like the added prerequisite for anatomy. I doubt Pierce College has a prerequisite for anatomy and I know for fact Santa Monica college doesn't. • Hard to get classes sometimes • Both the rising cost of tuition and books, and the cutting out of so many courses that enrich life and create a broader foundation in education. • As always the classes but I understand that's there's a whole bunch of us so • Also, availability of needed classes.. • Class space • Class hours • Class availability
--	---

<p>Computer Labs</p>	<ul style="list-style-type: none"> I would love if the business computer lab would open at 8:00 along with the other labs, it would be very helpful.
<p>Cost</p>	<ul style="list-style-type: none"> The increase in price for a parking pass!
<p>Counseling</p>	<ul style="list-style-type: none"> Transfer of credits for transfer students not transferred after a student has attended more than 1 semester, making it hard to track academic progress and in my case preventing full time due to academic progress of 10 years ago. There are too few counselors, getting an appointment is a time consuming process. The wait time to see a counselor, even when scheduling an appointment. Some of the buildings need better maintenance. The counselors also give conflicting information and they are not aware of different programs. Organization such as no waiting list for classes. Teachers get to choose how they pick students who are crashing and it's unfair. Also the counseling office never answers the phone to solve simple problems. Lack of knowledge in the counseling office of what's needed to transfer. . counselors Counselors How information is passed along. I was a rad tech major and upon asking express counseling AND the health and sciences secretary when the radiology program would start enrolling yearly, NO ONE knew. i have to give credit to the express counselor that helped me out because he went out of his way to get me phone numbers and emails of who to contact while he, himself, made calls as well. Ugh, too bad I never caught his name. i wish i would have. but at any rate, this happened during summer session and all the hs secretary told me was they were still enrolling every two years which is the same info the express counselor ended up finding out and bam-- I changed my major. now, i see that the school is enrolling every year. it is too late for me to change my major, as i have put in already a lot of time in classes for my new major. i changed my life direction because communication is lagging within the administration The uninformed and incompetent counselors that are hurting students' futures by providing inaccurate, and, sometimes, incorrect, information. The inability to schedule an appointment with a counsel is really hard, and the fact that we can't schedule online means that many of us have to sacrifice work which is horrible in these economic times. Online sessions with counselors would help as well as updated ed plans through those online sessions. The counseling department The Counseling and Transfer Center The counseling department. The councilors did not understand my major at all and gave me some very poor advice when I was starting at AVC. This lead me to take some classes I did not need and I'm sure lengthened my stay here. The transfer councilors were much more helpful and clear!! The counselors are not helpful at all. One constantly gets different answers to the same question depending on who one asks. That no one answers the phone in counseling. Counseling Services. I made an appointment and I was given the run around on the day of my appointment. The counselor that I was supposed meet with seemed as if she was not interested in doing her job. Counseling appointments can be challenging to secure Counseling (Some) Unhelpful counselors

<p>Digital Media Lab</p>	<ul style="list-style-type: none"> • The way they scheduled lab hours for black and white photography and dial photography.
<p>EOPS</p>	<ul style="list-style-type: none"> • The transfer/movement of the location of the EOPS/CARE program. The location and services provide what at times students like I can not find around campus such as a free computer to use.
<p>Facilities</p>	<ul style="list-style-type: none"> • Wet mud in the grass.. I don't know. Oh! and the flickering light in LH 102. Located in the row right before the podium. • The traffic In the mornings • The smell in the art building • The parking congestion • the parking • the parking • The nasty bathrooms around campus. THIS IS NOT DUE TO THE CUSTODIANS NOT DOING THEIR JOB!!!! The custodians do a wonderful job, BUT THE STUDENTS TRASH MOST OF THE BATHROOMS. IT'S APPALLING!!!! • The maintenance upkeep with the bathroom and how bad the APL building smells, especially the second floor by the elevator • The fact that the mens restrooms do not have mirrors in them while the women's restrooms are intact. This is what some may call "sexual discrimination". • The bathrooms • The apl women's bathroom • Some of the buildings need better maintenance. The counselors also give conflicting information and they are not aware of different programs. • Some of the bathrooms are disturbing • Restrooms • restrooms • Parking, the limited availability/number of sections of core/essential classes. • parking, and need more classroom. • Parking lots always crowded and the price of sticker should go back to \$15 • Parking and lack of tutors in Math • parking and how tutoring is not always available. • Parking and atm • Parking So many staff space that is not even used • Old campus needs renovation in classes • old buildings that need to be updated always missing avc events/activities because of class or not enough advertising • not knowing where everything is • The quality of important information geared towards first-time college students & students with specific questions not covered FAQs. There is too few visitor parking spots & 15mins is too little bit of time -- perhaps offering 20-30mins parking to accommodate visitors that must submit to the speed of lines & service. • The parking lot at AVC. There is always a problem trying to find parking. • the parking issues • That the smoking is permissible in the parking lot and none smokers have to walk through the thick cloud to get to the campus. • the bathrooms are not clean enough and they need to be repaired with automatic air fresheners installed behind the toilets • That people smoke next to the buildings and doesn't seem nothing is being done about it. Staff is not involved on campus. Don't feel too save in campus at night. No security nor police except giving tickets to students. Staff must be properly trained. • staff in some departments are not friendly or helpful at all...the schools needs to improve in the parking lot and add more 20 min parking and for students parking • parking • Parking • Parking • parking • Parking • Parking • parking • Parking • Majority of the classrooms are very cold which makes it very difficult to focus on the course • Limited amount of parking, limited group study rooms in library. • Lighting in the stairwells and parking.

	<ul style="list-style-type: none"> • How dirty it is. A pressure washer is so needed in hallways, stairs and windows. • Elevator • Dirty ladies restrooms in the older buildings • Crappy classrooms • Cleanliness • Antelope Valley College closing early on Fridays. We the students need the campus to be open later like until 3 pm at least. Also there needs to be more parking for students and lower prices for the parking permit. Thank you! • am parking <ul style="list-style-type: none"> • Lack of seating area around campus, be have beautiful trees and grassy area that would be perfect for eating or studying with out being in a building. • I wish we had better parking :) • Mathematics building.... I truly believe the reason the pass rates are so low are due to the crummy buildings we put the hard subjects in. • I don't like the school layout, i feel it is so outdated and needs remodeling. It just feels old, especially the cafeteria, book store and welcome center area. • I am displeased with the smelly bathrooms. • Bathrooms are not to clean, need to re-vamp the old buildings and make new ones. Kind of old • Bathrooms • Bathrooms
<p>Financial Aid</p>	<ul style="list-style-type: none"> • Wait time for financial aid and counseling • They keep harassing me about my financial aide. • The financial aid department seems to work slow on processing financial aid. • The fact that student loans were taken from students with higher than 70 units • The attitudes and lack of any help whatsoever from the financial aid and registration clerks. Seeing as how students heavily rely on these two services specifically, there should be no lack of professionalism. Unacceptable. • Some financial aid workers provide an unpleasant experience. This makes students uncomfortable approaching financial aid techs. • my financial aid money • lines in financial aid office • It seems to me that the students are not a priority for the school, everything takes time and is the student responsibility, I understand we are adults but a good study plan and guidance should be more widely available, and it is not ; If you have to leave 5 messages, it is obvious they are busy, SO HIRE MORE PEOPLE with good attitudes and ready to help. The people working in the Financial Aid are obviously not happy to see so many losers (THAT'S THE WAY THEY MAKE ME FEEL) a day, it is time for new faces. <ul style="list-style-type: none"> • Unfriendly financial aid associates • The organization skills and friendliness of the financial aid department can use some major improvements. The professors could find different interesting ways to instruct students to help improve the overall success of the student body. • the waiting lines for financial aid.. too long, unbelievable wait time to just turn in a piece of paper, or even to hear that we can't help you. I should be able to get some assistance over the phone or a quick line to just turn something in. Something Must Be done. It's year after year dreading do an appeal. I also displeased with the cafeteria, whenever I go in there I turn around and walk out. The set up, design of ordering the food. its just not a very warm place to be. I feel lost compared to the newness of the health building. • The lack of fast wifi and I can't have financial aid because my parents make too much money but I haven't lived with them in almost four years. • The lack of assistance in the financial aid and registration office • the financial aid staff, not helpful with information as they should provide. • the financial aid line • I'm least please with the long lines for financial aids and admission office when class starts for the semester.

	<ul style="list-style-type: none"> • Financial Aid. I always get different answers, the lines are always long and the fact that there are student workers there who give out most of the information that is incorrect. I want to go and be able to speak with someone that knows all the answers and is specifically trained in how to achieve the proper goals. • financial aid office • Financial Aid dept.: staff is extremely rude and short with students. Also they do not answer their phones or return calls. Policies do not have students best interests in mind. Disbursements are made too late in semester to help purchase books, parking, and other supplies. They only check and download reports every other week while students are waiting to know if they are getting help paying for college. Very very poorly managed department. • All the hoops you have to go through to do anything. The RN program and financial aid in particular. <ul style="list-style-type: none"> • I dislike how unprofessional the workers are who run the financial aid office. I am constantly being told one thing by the employees at the window and i have a hard time receiving correct information unless i ask to speak to the financial technicians. • I am least pleased with the availability to financial aid • How long it takes to receive your financial aid • Finical aid • Financial aide office Appearance is unprofessional and attitudes need to be adjusted people in the office don't act like they are happy to have a job in this valley not very helpful • Financial aid • Financial aid • Financial aid • Financial aid • financial aid • Financial aid • Finacial aid
<p>Health Services</p>	<ul style="list-style-type: none"> • We pay all this money, and a health fee that nobody knows who the nurse is or even where this nurse office is, yet we can't even afford to have hang knobs for our purses in the bathroom. The struggle we have to go through! Holding everything while trying to be "germ free" instead of setting our stuff on the bathroom floor. Get it fixed already! Students have complained already but why isn't any action EVER taken? I hope this survey even helps. • The Car-A-Van. • A lot. The new printers are overly complicated. Im still pissed about the health fee. I HATE the most that cmputer labs are closed by 1130 on fridays. I know its because only like two or three people use it, but those two or three people really need it. <ul style="list-style-type: none"> • The health and dental services that students haft to pay.I feel like this service is forced upon students as if they don't have their own insurance.I think this should be an option. • The Care-A-Van. I have tried to use it but I just can't seem to get someone on the phone to place an appointment. So I stopped trying to use it. • I am displeased with the Care-A-Van. I felt a little cheated. It was more of a referral service than a place to receive care. It would have been more honest to say that they have limited services.
<p>Honors Program</p>	<ul style="list-style-type: none"> • Honors program
<p>IT</p>	<ul style="list-style-type: none"> • The inability of the administration to make sure that EducoSoft products actually function and that the software can identify correct answers, and the failure of administration to make sure that the faculty in the class actually knew how to deal with problems. Cheers to the staff (and ESPECIALLY the Student Tutors) for fiddling through the mess with us • Wifi on campus • Wi-Fi <ul style="list-style-type: none"> • Wifi • Two things. More campus security at night walking around. The other, the Learning center and the computer lab in the HS building need to stay open later. • The printing machine at AVC. You get extra charged if you use your debit card to print. • Technology: it always seems as if AVC is playing catch up, from the L.C to Computer center.

	<ul style="list-style-type: none"> • The lack of fast wifi and I can't have financial aid because my parents make too much money but I haven't lived with them in almost four years. • I was least pleased with the new printing machine didn't work @ times. Also the Palmdale Center didn't have printing cards to purchase. • A lot. The new printers are overly complicated. Im still pissed about the health fee. I HATE the most that cmputer labs are closed by 1130 on fridays. I know its because only like two or three people use it, but those two or three people really need it.
Job Placement	<ul style="list-style-type: none"> • The lack of sufficient work study.
Learning Center	<ul style="list-style-type: none"> • Two things. More campus security at night walking around. The other, the Learning center and the computer lab in the HS building need to stay open later. • It would be very helpful if the learning center held Math workshops that correlate with a semesters math course. For example some topics taught in the math workshops are taught too late to be useful during the semester. • I would like to see the services, events, and various programs made more apparent throughout school. Also, I would appreciate some student worker training, such as in the learning center, so that we are better able to assist students. Making student-teacher mandatory feedback in all classes for all the teachers would also prove helpful I think. • getting help with my classes • closing early on Fridays, library and learning center not open late till 9 p.m. or 10 p.m. and not open later on Saturdays.
Library	<ul style="list-style-type: none"> • While studying at the library a lot of the younger students go in there and just talk to their friend so disrespectful to others that go and study. • The quality of books available on reserve in the library is lacking. • The closing time of the library and bookstore • Requiring the second member to be present to obtain the study room key in the library. • lack of communication among different departments (especially in SSV) . We need more knowledgeable computer lab workers. No Microsoft Office on Library Research computers/ no space for students to work in the lab that does have Microsoft available.

	<ul style="list-style-type: none"> • I have to show my I.D. in library to use a computer. • closing early on Fridays, library and learning center not open late till 9 p.m. or 10 p.m. and not open later on Saturdays. • Limited amount of parking, limited group study rooms in library. • Library closing early.
OSD	<ul style="list-style-type: none"> • the lack of aid with my disabilities office counselors with needs for my education.
Palmdale Campus	<ul style="list-style-type: none"> • That Palmdale campuses doesn't have a bigger room for math tutoring and the time it's offered • No CALWORKS in Palmdale campus
Professors	<ul style="list-style-type: none"> • the teachers who do online dont really acknowledge peoples disabilities • The teacher's • The organization skills and friendliness of the financial aid department can use some major improvements. The professors could find different interesting ways to instruct students to help improve the overall success of the student body. • The amount of staff to teach certain courses. • teachers bad attitudes. Need help with food etc, etc • Teacher in real estate • Students are not challenged enough so we aren't prepared when it comes time to transfer. The bookstore needs more reasonable prices. • Some of the teachers treating the disable students like crap. • Some of the teachers • Some of the professors are rude. • my weight lifting teacher • Least pleased with the lack of help from some of the teachers. • Instructors • I don't like that most classes require you to buy a really expensive book with homework code online. If professors don't want to grade homework on paper they shouldn't make us pay for it. It should be free • Certain professors • The use of AVC specific text books that cost exceptionally more than their mass printed counterparts is frustrating to say the least. There also seems to be a shortfall in office staffing, waits are too long and all too often students miss out on much needed help because the staff is overburdened, I think both extended office hours and an uptick in staffing would both be worthwhile. Finally I cannot help but mention the teachers, in general, tend to "put up with" far too many disruptive, obnoxious, and rude students. I understand that, in part, it is at the teachers discretion to take action in such cases, however I would like to see more of a zero-tolerance policy adopted. • not have the ability to see how a teacher performs before enrolling in the class and having to drop later because you either cannot understand the teacher or you feel the lack of care from the professor. Student should be able to preview how a teacher runs third classroom before deciding to take that professor. • Not enough people know about the resources and teachers do not help students find all the help that is available to help us succeed.

<p>Safety</p>	<ul style="list-style-type: none"> • lack of security enforcement, lack of lighting (too many dark, dark places of possible dangerous threat, difficulty finding any security in close proximity when needed immediately, too many people on campus that do not attend this college who pose a threat from as simple as leaving my vehicle in the parking lot when there are thugs standing around to walking to my vehicle through the thugs standing around, walking on campus in the dark with thugs standing around, groups of intimidating people making threats and speaking critically causing me to feel threatened, limited classes, difficulty enrolling because of class size, not being able to crash or audit after a week, etc. <ul style="list-style-type: none"> • There is not enough lighting behind the T100 building (Assessment/Office for Students with Disabilities). I'm disabled and when I had night classes, it was pretty dark back there when class was over. • dont always feel safe on campus • The emergency evac drills • Safety and security • Safety • lack of security/sheriff presence \during night classes • Two things. More campus security at night walking around. The other, the Learning center and the computer lab in the HS building need to stay open later. • The safety.
<p>Services</p>	<ul style="list-style-type: none"> • When I call it takes a long time to get a hold of someone • We need more programs for low income and more activities during the semester .. • There ate so many services that can be daunting to know where to begin inquiring and obtaining information. • The long hold and wait times over the phone and in line at the Lancaster campus. • In my opinion most individuals do no know that the majority of these resources are available. There is not enough individuals that go looking for information. Most is word of especially from individuals that have had a prior experience with college. • I would like to see the services, events, and various programs made more apparent throughout school. Also, I would appreciate some student worker training, such as in the learning center, so that we are better able to assist students. Making student-teacher mandatory feedback in all classes for all the teachers would also prove helpful I think. • I am least please with the some student services they request information and don't up date it still are years have passed cause you to lose up on service you could have gotten. <ul style="list-style-type: none"> • The lack of urgency and attentativeness to students needs • The lack of clear communication about what is happening. Almost all of the contact and information is given only through email and the AVC website, it would be helpful to have information given in print and be more readily available. • Standing in long lines • Notifications about services offered. • Not enough programs for returning students that are middle aged with prior school credits. We do not qualify for EOPS. • Long lines at Student Services • Lack of resources, such as councelors, administration, professors and classes. • lack of communication among different departments (especially in SSV) . We need more knowledgeable computer lab workers. No Microsoft Office on Library Research computers/ no space for students to work in the lab that does have Microsoft available. • I am not so sure what programs are available. Also when can you see ASO and participate. • I am not aware of much going on in school. I don't know many of the program you listed above.
<p>Staff</p>	<ul style="list-style-type: none"> • The non-teaching faculty. • Staff • Staff • I am pleased with the services I am aware of, sometimes the attitudes of the workers are not pleasant. <ul style="list-style-type: none"> • Disorganized staff. Terrible time managment and lack of students being aware of thw services offerednon campus and where to go for help. • Athletic director • Administration

	<ul style="list-style-type: none"> • Some of the staff is rude and unhelpful • Not so friendly staff and budget cuts in the art and digital media department • Lack of cooperation from administration staff. • Sometimes during the semester, Faculty has the cart in front of the horse.. and they work in a broken system. With mouths shut, they collect a paycheck and watch the students that work hard, suffer. The faculty doesn't want to fix the problems, because guess what the new student have no clue on their future. That's how they make there money!! 	<ul style="list-style-type: none"> • It seems to me that the students are not a priority for the school, everything takes time and is the student responsibility, I understand we are adults but a good study plan and guidance should be more widely available, and it is not ; If you have to leave 5 messages, it is obvious they are busy, SO HIRE MORE PEOPLE with good attitudes and ready to help. The people working in the Financial Aid are obviously not happy to see so many losers (THAT'S THE WAY THEY MAKE ME FEEL) a day, it is time for new faces.
STAR	<ul style="list-style-type: none"> • STAR 	
Student Life	<ul style="list-style-type: none"> • That there is little activities to keep students who are serious about their education and growth in life motivated. • student life and campus activities • Some of the events that were put on and the turn out for those events. • old buildings that need to be updated always missing avc events/activities because of class or not enough advertising • I am least pleased with the communication and marketing at AVC. It is difficult to find out about events taking place (where and when). I am also displeased with counseling at AVC. 	<ul style="list-style-type: none"> • I would like to see the services, events, and various programs made more apparent throughout school. Also, I would appreciate some student worker training, such as in the learning center, so that we are better able to assist students. Making student-teacher mandatory feedback in all classes for all the teachers would also prove helpful I think. • Awareness of Campus Events
Transfer Center	<ul style="list-style-type: none"> • The Counseling and Transfer Center 	
Welcome Center	<ul style="list-style-type: none"> • Welcome center • The quality of important information geared towards first-time college students & students with specific questions not covered FAQs. There is too few visitor parking spots & 15mins is too little bit of time -- perhaps offering 20-30mins parking to accommodate visitors that must submit to the speed of lines & service. • Other than email No commutation between cashier/ financial aid and students. Maybe have a specific window for "how to" or "how do I" questions? 	<ul style="list-style-type: none"> • currently ; transfer center • The overall help offered to new students and the extremely high cost of books in the bookstore. • The operator hardly ever answers the phone, and when I do get connected to the department I need, I a lot of the time not able to speak with counseling, transfer center or admissions. I live far so I am not able to just walk in

What can ASO do to improve AVC?

A forum to buy and sell used textbooks would be nice.

A little less unused staff parking.

add a wider selection of honors classes

Add better lighting behind the T100 building (Assessment/Office for Students with Disabilities). I'm disabled and when I had night classes, it was pretty dark back there when class was over. Also, I always see people smoking back there as well. It seems the "No Smoking" policy doesn't apply back there at all. No one seems to enforce it and cigarette smoke really makes me sick.

Add more activities and clubs

Add parking & security for the parking especially at night

Advertise ASO more than they do. Emails are one thing but they need to be a bigger presence on campus. Lots of students aren't even aware of ASO or what they do.

Advertise mental health services better and make it seem more inviting.

Advertise! Reach out to the students better and offer incentives.

Advocate for better counselors. Try to market the services that AVC has better.

All courses required for completion of an Associate Degree should be offered in the evening.

All the thing you do should be explained some where on the website I was not aware you offered all these services and I've been here 3 years. Please don't forget to include your older students in your services as I am one.

Always offer the sticker parking pass combo! Liked that this past semester

ASO should advocate for a starbucks to be placed on campus. People need coffee.

ASO should strive to be more inclusive. The flyers and activities I see are definitely more catered to a younger demographic (feels like high school) though there is a population of older students who are not being reached. Greater efforts need to be made to think out of the box. Be innovative.

Ban smoking and littering from the campus completely. Also, paying for parking is pretty outrageous, so free parking would be most appreciated.

Ban smoking on the entire campus including the parking lot. There is a child care center near the parking lot so the children there can easily get secondhand smoke.

Be all around the campus not just one area and do the events both morning and afternoon so no one would miss it or can have a chance to be part. Meaning repeat the event all day twice so we can be part of it.

Be more active. Make ASO more visible. Invite people other than just Alpha Iota students to join ASO. Start caring about what is and is not happening at AVC and the students.

be more attentive with disabled students need to help in completing their education goals.

be more attentive with disabled students need to help in completing their education goals.

be more involved with student events and getting to know the students

Better advertisements of school events in the Dance and Theatre or other arts and hard Sciences to generate school pride.

Better explanation of services and functions (hand outs with enthusiastic ASO member maybe)

Book store at palmdale campus not reserved,

Call opportunity drawings raffles, because opportunity drawing is stupid sounding and annoys the shit out of me.

Calm down on all the emails to student accounts

camera's in the parking lot, and a higher presence of security on campus. Another store on the north side of campus

Campus is very dirty and old. Many classrooms need new carpeting or new flooring and walls need painting. Bathrooms need deep cleanings. Little things like this distract from learning.

Can create more events to engage the students with the community.

Change the culture and high ten the standards of staff including student workers.

Check some of these teachers cause they have their picks and sometimes not fare

Cleaner restrooms

Coffee carts with maybe with sandwiches; around campus so we don't have to walk all the way across campus for decent coffee.

Continue doing what they are doing such as asking for feedback from students after holding events/workshops.

Continue the good work

Continue to offer assistance with academic and life skills to students.

Counseling center counselors need to be more informed of changes for requirements regarding universities. More APs available.

Create a savings fund for educational emergencies.

create more student involved activities... just to pass the time when a student has to be on campus all day with no place to go between classes

Do not allow drivers to stop and drop of students in areas where there is ongoing traffics. This causes slow movement and unsafe crossing.

Do something. ASO is not as active as it's been in past years.

Don't worry about it. The valley has always been windy. Don't waste my money on this because, If I want to SMOKE, then ill excuse myself and kill myself on my own! The ASO needs to worry about better resources, and corrupt faculty.

Easier said than done, but get staff that cares- not just looking for a paycheck.

Educate people that language reflects behavior, and those who dress and speak like they're still in the gutter will never get put of the gutter.

Everything seems to be fine .

Find a solution so that students don't drop classes as soon as they get their financial aid money. So often, the classes fill up with students that only want the money and then they drop as soon as they get it and students who wanted to get into the class were turned away. And then the students with the financial aid money don't use it towards books and classes but rather Burger King and things like that.

Find ways to get students involved

Fix things that matter. Like make classrooms less crappy. Also put a coffee shop on campus

Focus more on creating an overall AVC team spirit rather than separation clubs.

Food options

Get more help with book vouchers

Get more student tutors

Get rid of smoking, I do not smoke, when I'm sitting in my car and it's hot outside and I have my windows down and someone comes up and start smoking, the smoke comes in my car then I have to raise my window up.

Get what bakersfield college has. It's a couple of carts that pick up handicap ppl and take them to there classes. All the student gas to do is call and tell them were they are and were they need to go. And it will provide extra jobs. They usually stop picking up by 5pm.

Give clubs more leniency with what they can do for fundraising. The best thing in the fall was anthropology club selling pizza every Tuesday in October. Someone said they will not be able to in the spring, the are no out enough food choices on that side of campus, it would be

awesome if clubs were allowed to also sell pasteries with drinks in the mornings.

Giving the students the ability to see how a professor runs their classroom before enrolling into a teachers class.

Good job!

Have an open student survey regarding the most helpful, friendly, and caring professors on campus. We've got some gems that go unnoticed.

have cleaner bathrooms

Have higher requirements for people who work in the financial aid and registration offices in order to have a great staff.

Help instructors to know how to treat and car for the students

Help student get their class that need to take but unable to because having to wait until open registration.

help with classes. we need more classes

Help with school morale.

Hire more tutors.

how about Mentorship for students with learning difficulties?

I am really happy but I would like more activities on campus also would like a Starbucks or a McDonald because lots of the students don't have transportation to go out and eat....

I applaud the efforts taken by ASO on be half of AVC students. Just keep on doing what you do now. Good job!

I do not have any suggestions at the moment.

I don't have any suggestions at this time.

I don't have any suggestions.

I feel as though Vaping or "smoking electronic cigarettes should be allowed on campus not only in then parking lot

I need to get involved with ASO and then perhaps could come up with an idea or two! Weekly Music in the quad by students would be fun though! Not trashy however...

I really don't have any input for this .

I think ASO personnal is doing great

I think involvement with networking in and outside campus is quite possible feasible and desirable to take advantage of the great potential of AVC

I think that ASO is doing a great job, the campus however seems to be short staffed and planning for classes out dated vs the number of attending students.

I think the ASO can help out the incoming Students with more one- on-one time, or Face-time with new Students?

Starting college Life is not easy, and I wish they had a more "hands on" approach with the incoming.

I think the campus is continuously improving.

I think there should be an option to have students print out a copy of the notes of the professor before class to come prepared, and not be writing down during lecture because it's unnecessary. It would be nice to have instruments for students to use even those that don't have music classes. Another idea would be free parking for students with straight A in the semester.

I think you guys are doing pretty well, keep doing what you're doing. 😊

I trust that you are going to do what is BEST FOR THE STUDENTS AND THE SCHOOL.

I would like to see ASO more in the loop about what decisions are made on campus. For instance, I have heard in the learning center that the money from the 30 free copies did not roll over to Intercession...yet this wasn't made known to the students. I would have made that apparent if I had known, since that is a job of an ASO representative, yet I was not informed. Issues that would directly affect the students that are decided upon at the administrative level should be also known within ASO.

I would like to see benefit and discount list on our website.

I would like to see more celebrations of the diverse cultures that attend AVC

I would like to see more help for new students. The entire process is very confusing for them, and it would be helpful to have some assistance.

I would say that the ASO can improve itself by making itself more known to AVC students. I was aware of some of these things, but I was not really sure what some of these things do, let alone what the ASO is, and I am sure other people feel the same way.

I would tell you to simply try to focus on trying to reach students more personally

If the college has to raise the cost, I would like to see a posture impact from it, like more classes.

I'm not sure

Improve parking situations.

Improve staff in the financial aid and registration office. A more willing staff with people genuinely want to help and CAN help.

Improve ways for students to get in touch with departments such as counseling, admissions, and financial aid at both the Lancaster and Palmdale campus.

inform new students about clubs.

Informing students of current programs out there.

Instead of a smoke free campus, have a section just for smokers. That way they can smoke and relax on a bench or read their book for class in the sun. The smoking only in parking lots is okay but then all they are doing is smoking by their car or someone else's. I do not mind smoke and I am not an avid smoker. I just will not cast them out.

It seems good to me

It would be a good idea to have info sessions about leading a smoke free life.

Just continue to be creative and think about things that would attract crowds so that the avc family can come together.

keep doing what your doing

Keep the emails coming!

Keep up with pushing for a smoke free campus!

Less hanging out among gang members

Less staff parking spots or open staff parking to students after 5 pm for us night class folks.

Let me know what ASO is about

Let the students know more about what it is that ASO does and how it affects others .

Lines are so long for financial Aid. Sometimes we just need to drop off one document. Should be a basket where you can drop off form and reduce lines and waiting

Longer library hours with hour long laptop checkouts.

Mainly just campus beautification and making the cooks in the cafe wear hairnets because I have found hair in my food on many occasions

Make counselors help students know which classes they need to transfer.

Make everyone more aware about events

Make it a smoke free place. It is the WORST to be walking to class and walk into someone's smoke cloud in the parking lot. Many times it isn't just cigarette smoke but other drugs that should not be allowed on campus.

Make it a smoking campus

Make people more aware of services. I joined the honors program last semester (my second-to-last semester) because I didn't know about it! There are many services I know about now that i wish I had been aware of before!

make restiation date longer

make students more aware make them want to think about it

Make sure to announce events in a timely manner, so all can attend. Maybe more information about community assistance programs.

Make the book assistance program more noticed. I asked around and nobody could tell me a thing in the student services center.

Make the gardening hours at a less busy time of day. It's hard to concentrate when you hear nothing but lawn mowers and leaf blowers outside of the classroom door.

Make the library or computer labs 24 hrs during midterms and finals.

Make the organization more known/Make events more known.

Make the teacher's upgrade their skills every year

Make the the student health fee waiver & student representative waiver available for access & submission online & offer more & longer visitors parking.

Make transportation between campuses easier.

making sure the proper people know their information

Maybe have a suggestion box set up on the web page that would allow students a platform to voice their situations

More awareness that it is available.

More classes offered during intercession.

More evening or online classes

more events

More events and such that would work with everyone schedule. And to inform students about it ahead of time.

More events for fundraising.

More extensive recycling and green energy programs on campus

More help with book purchases for students!

More honors classes and benefits to the program

more hours for student workers and permanent positions

more info on how to be involved or aware of ASO issues and meetings open to all students

More information booths for new students. Have them available within the first two weeks of school located by the library.

More informative e-mails regarding student opportunities.

More lighting at night

More on Campus Events to Educate and involve students in.

More PARKING.....lack of makes us late!!!

More places to get discounts from

More programs for older people

More programs for older people

more promotion to join and give-a-way's

More security for night classes, a group or association specifically designed to assist students assaulted on campus - more along the lines of peer support that is confidential, safe, anonymous, and relevant. Provide more no tolerance of yes means yes - and embarrassment by all staff, as well as Athletic staff and professors/coaches, to distill in our students appropriate, no tolerance or acceptance of behaviour that treats any person less than a human being deserving of respect and dignity.

More social and service events. More speakers.

More student resources: student cafes, eateries, areas for group study..including wifi

Music being played outloud should not be allowed on campus, unless it is a part of an event.

need to improve with more parking lots for students. and need to train staff in every department in how to be more helpful and give correct answers to students.

non-loitering enforcement, bathroom sweeping for safety (they are very scary to enter and are equally disgusting), same thing with the gym locker room and showers (there is never any security presence and the open door policy has allowed many with bad intentions to enter and loiter.

Not at the present moment ASO always doing great activities for us. I really appreciate they hard work thanks for everything. I do try my best to participate in as many activities depending on my class schedule. Thanks to all the staff specially Hearts and Hands

Nothing really. They do great job

Offer more classes in Palmdale campus

Offer online classes for every course

Opening tje student lounge it has NEVER been available to the students

parking

Pay close attention to what's listed in the section of least pleased and work on some sort of change.

Please do not take away smoking in parking lots, it will not keep people from smoking I promise you.

Professional attitude and professional attire

Provide more jobs for students at avc.

provide more student info on things students can do on the campus AND gym membership with student ID to promote healthy lifestyles.

Put benches in the smoking area

Put out more information to get students involved.

quit place to study other the the library or computer labs and more seating in the building

Raffle off also stickers to those who can't pay for it.

Right on for now

See question 4.

Send email updates.

Send out calendars of the workshops being offered at the Learning Center.

Send out more informational emails explaining a lot of the things that go on at avc

Since I am a person that suffered head trauma in the service, which added to my already visual boarderline hands on learner, I believe we need more teachers like Glen Haller that actually give you all the information you need to know for the test and then test only on the information that you were clearly given and should know.

Smoke free campus, please!

smoke free campus.....period.....

Smoking sections closer to campus

So far so good

Start with the Employee and student relationship.

Students can be treated more like students and not like cattle.

Talk to students more. Work on marketing. Work more with the community and develop relationships with state representation.

The availability of more advanced classes. The amount of study spaces on campus should also be increased.

The lighting of the campus, it is scary to walk at night from one class to another. The Sheriff is there to harrassed instead of protect and make people feel safe.Students with bad records and bad grades are treated the same as students with excellent academic records and that is not fair, be more selective, save time for those that are good and make it hard for those that really don't care. I hate to make comparisons but, COC sees a students once a year, because you leave the office ready to go ;Schedule for the semester,Student plan, future class selection, financial aid, health services, all in one visit, That is "ASO" and they are do it with a smile..

The smoking in parking lot should be moved away from the disabled parking spots, to the normal parking spots. all of The smokers congregate around the disabled parking spots and when you are disabled and get out of your car and are slow in your ability to move, it's very annoying, and when you have asthmas like I do and cannot move fast it's painful. I am not advocating taking away people's right to smoke, but it should not be around the disabled parking

the smoking policy needs to be enforced; i'd prefer no smoking at all, but the current policy is not being taken seriously. even campus security and police do not abide by this rule.

To have more officers walking around the campus to make the campus safer

try and make more people aware of the assistance thats out there for them

Try to extend lab and library hours during midterms and finals.

Try to limit the cars that stop to drop students off in areas that are stopping traffic from moving

Try to make coffee carts available or food carts around campus. It would reduce lines in the cafeteria and the Subway, which are the only places we have to eat. If we could find places that offer food reasonably to sell on carts here it would make more money for the college because students wouldnt go off campus for those things. It would also gives students the chance to work part time in these carts.

Try to promote more clubs through out the year or email

unsure

Unsure.

use cheaper books

Use emergency text system to send out on campus activities or fundraising events. Provide more recycling bins

Use of staff parking spaces after 7pm.

We need a discount place for work clothes, shoes, and equipment

We need to make most of the services offered on campus available online, so counseling, financial aid assistance as well as offering the possibility of taking multiple math courses at a time for students who are trying to graduate,

We pay all this money, and a health fee that nobody knows who the nurse is or even where this nurse office is, yet we can't even afford to have hang knobs for our purses in the bathroom. The struggle we have to go through! Holding everything while trying to be "germ free" instead of setting our stuff on the bathroom floor. Get it fixed already! Students have complained already but why isn't any action EVER taken? I hope this survey even helps.

what's ASO?

Work on alternative communication methods other than online communication. Also many people seem to not be able to read the no smoking signs, many people smoke in no smoking areas and it is harmful for people who have breathing problems.

Work to get additional online courses for the College. this is a great asset for our community as we live in an area that has a very high amount of commuters.

Ya... The parking

Yes! HELP SUPPORT AVC WOMENS BASKETBALL TEAM LIKE THE MENS AVC BASKETBALL TEAM IS SUPPORTED.

yes, update your information in more accurate manner on student information throughout the student services.

You are a great help for me and my kids

You guys are doing a great job

You, ASO, should appear friendlier. You look like a clique and this isnt high school. Appeal to the older and less social people. Extend computer lab hours on friday.
