Welfare Institutions Code 625

The District is committed to providing a physical environment which enhances teaching and learning while supporting the personal safety of all members of the District community. District policy states that bringing minors on campus while attending classes is not permitted, unless minors are enrolled in the Child Development Center or other instructional programs in the District. Minors referenced in this procedure are defined as any individual under the age of 14 years old or not emancipated from the care of parents or legal guardians. Minors are allowed on District sites occasionally if participating in a District-authorized event, or while accompanying an adult who is receiving college or District services.

District policy also states that employees may not bring minors to their worksite. Occasional exceptions to this policy may be made for good cause and with the approval of the employee's supervisor or instructional Dean. The employee shall provide adequate continuous supervision for such minor(s) and ensure that there is no disruption of services as a result of their being on site.

Parents and guardians are responsible for the safety of the minors in their care. No liability will be accepted by the District, or any of its agents or staff, for the consequences of minors being on campus. Minors may at no time be left unattended or unsupervised. It is not appropriate to request that staff supervise the minors of students or co-workers except when their job assignment relates to a formal program designed for minors.

Under no circumstances are minors to be admitted where dangerous substances or equipment are in use.

Classroom Settings

Minors are not allowed to participate in activity classes, laboratory sessions, or studio work, except as follows:

- Minors enrolled in the Child Development Center or other instructional programs in the District
- Minors participating in classes (at the request or approval of the instructor)

Settings Outside the Classroom

- Minors may occasionally accompany a student or employee to the District or college site for a brief visit. They must remain under the continuous supervision of the adult responsible for them and their presence should in no way obstruct or diffuse services or work duties in the area.
- An employee may request that minors or visitors leave the area should it be deemed necessary or appropriate.
- Visitors to all District facilities and events are subject to all relevant District policies and regulations.

The Board may recognize and approve auxiliary organizations established for the purpose of providing to the District any and all supportive services, specialized programs and functions identified in Title 5.

The Superintendent/President shall establish the administrative procedures necessary to fully comply with California law relating to auxiliary organizations, and to submit this policy and those procedures to the Chancellor for the California Community Colleges as required by law. At a minimum, the procedures shall address the subjects required by Title 5.

Recognition and establishment of auxiliary organizations shall include a public hearing on the recommendation to recognize or establish an auxiliary organization; Board approval of the auxiliary organization; and approval of a written agreement between the District and the auxiliary organization describing the services, programs or functions to be performed. All such written agreements shall comply fully with the requirements of Title 5, Section 59257(j).

Any auxiliary organization recognized by the Board shall conduct its business in accordance with the administrative procedures adopted by the Superintendent/President pursuant to this policy. Notwithstanding anything contained in the administrative procedures, any auxiliary organization recognized by the Board shall comply with Education Code provisions regarding:

- the composition of a board of directors and the way in which it conducts its meetings;
- conducting an annual audit;
- employing its work force;
- expending and appropriating its funds, and keeping its records.

No funds or resources, other than funds or resources derived from gifts or bequests, shall be transferred by the District to any of its auxiliary organizations for the purpose of either avoiding laws or regulations that constrain community college districts or providing the District with an unfair advantage with respect to any state funding mechanism. Such state funding mechanisms include, but are not limited to, general apportionment funding, capital outlay funding, Extended Opportunity Programs and Services funding, and funding for programs and services for disabled students.

ANTELOPE VALLEY COLLEGE COMPLAINT PROCEDURE FOR ALLEGATION OF DISCRIMINATION* OR SEXUAL HARASSMENT

Complaints

The law prohibits coworkers, supervisors, managers, and third parties with whom an employee comes into contact from engaging in harassment, discrimination, or retaliation. Any person who has suffered harassment, discrimination, or retaliation may file a formal or informal complaint of harassment, discrimination, or retaliation.

A formal complaint is a written and signed statement filed with the District or the State Chancellor's office that alleges harassment, discrimination, or retaliation in violation of the District's Board Policies, Administrative Procedures or in violation of state or federal law. An informal complaint is any of the following: (1) An unwritten allegation of harassment, discrimination, or retaliation; (2) a written allegation of harassment, discrimination, or retaliation that falls outside the timelines for a formal complaint; or (3) a written complaint alleging harassment, discrimination, or retaliation filed by an individual who expressly indicates that he or she does not want to file a formal complaint.

Informal Complaint

Any person may submit an informal complaint to the Vice President of Human Resources or any other District or college administrator. Administrators receiving an informal complaint shall immediately notify the Vice President of Human Resources in writing of all pertinent information and facts alleged in the informal complaint.

Upon receipt of an informal complaint, the Vice President of Human Resources or designee will notify the person bringing the informal complaint of his or her right to file a formal complaint, if the incident falls within the timeline for a formal complaint, and explain the procedure for doing so. The complainant may later decide to file a formal complaint, if within the timelines to do so. If the individual chooses not to file a formal complaint, or if the alleged conduct falls outside the timeline to file a formal complaint, the Vice President of Human Resources or designee shall consider the allegations contained in the informal complaint and determine the appropriate course of action. This may include efforts to informally resolve the matter, or a fact-finding investigation.

Investigation of an informal complaint will be appropriate if the Vice President of Human Resources or designee determines that the allegation(s), if proven true, would constitute a violation of the District policy prohibiting harassment, discrimination, or retaliation. The Vice President of Human Resources or designee will explain to any individual bringing an informal complaint that the Vice President of Human Resources or designee may decide to initiate an investigation, even if the individual does not wish the Vice President of Human Resources or designee to do so. The Vice President of Human Resources or designee shall not disregard any allegations of harassment,

discrimination, or retaliation solely on the basis that the alleged conduct falls outside the deadline to file a formal complaint.

Formal Complaints

Formal Complaints must be filed with the State Chancellor or the Vice President of Human Resources or designee unless the party submitting the Formal Complaint alleges discrimination, harassment, or retaliation against the responsible District officer, in which case it should be submitted directly to the Superintendent/President or the State Chancellor.

Formal Complaints should be submitted on the form prescribed by the State Chancellor. A copy of the form will be available at the Human Resources Office and on the college's/district's website.

If any party submits a written allegation of harassment, discrimination, or retaliation not on the form described above, the District will seek to have the individual complete and submit the form. However, if the individual chooses not to do so, the District will attach the written allegation(s) to the form and treat it as a Formal Complaint. In no instance will the District reject a written allegation of harassment, discrimination, or retaliation on the basis that it was not submitted on the proper form.

A Formal Complaint must meet each of the following criteria:

- It must allege facts with enough specificity to show that the allegations, if true, would constitute a violation of District policies or procedures prohibiting discrimination, harassment, or retaliation;
- The complainant must sign and date the Formal Complaint;
- The complainant must file any Formal Complaint not involving employment within one year of the date of the alleged discriminatory, harassing, or retaliatory conduct or within one year of the date on which the complainant knew or should have known of the facts underlying the allegation(s) of discrimination, harassment, or retaliation.
- The complainant must file any Formal Complaint alleging discrimination, harassment, or retaliation in employment within 180 days of the date of the alleged discriminatory, harassing, or retaliatory conduct, except that this period shall be extended by no more than 90 days following the expiration of the 180 days if the complainant first obtained knowledge of the facts of the alleged violation after the expiration of the 180 days.

If the Formal Complaint does not meet the requirements set forth above, the Vice President of Human Resources or designee will promptly return it to the complainant and specify the defect. If the sole defect is that the Formal Complaint was filed outside the applicable proscribed timeline, the

Vice President of Human Resources or designee will designee will handle the matter as an informal complaint.

Oversight of Complaint Procedure

The Vice President of Human Resources is the "responsible District officer" charged with receiving complaints of discrimination or harassment, and coordinating their investigation.

The actual investigation of complaints may be assigned by the Vice President of Human Resources to other staff or to outside persons or organizations under contract with the District. This shall occur whenever the Vice President of Human Resources is named in the complaint or implicated by the allegations in the complaint or if it is deemed more appropriate to have an outside investigator involved.

Who May File a Complaint

Any student, employee, or third party who believes he/she has been discriminated against or harassed by a student, employee, or third party in violation of this procedure and the related policy.

A student, employee, or third party who believes he/she has been discriminated against or harassed in violation of these policy and procedures may make a complaint orally or in writing

Where to File a Complaint

If a complainant decides to file a formal written unlawful discrimination or harassment complaint against the District, he/she must file the complaint on a form prescribed by the State Chancellor's Office. These approved forms are available from the Human Resources Office and at the State Chancellor's website.

The completed form must be filed with any of the following:

- The *Vice President of Human Resources or designee*;
- The Vice President of Student Services
- Superintendent/President
- The State Chancellor's Office.

Employment-Related Complaints

Complainants filing employment-related complaints shall be notified that they may file employment discrimination complaints with the U.S. Equal Employment Opportunity Commission (EEOC) or the Department of Fair Employment and Housing (DFEH).

Complaints filed with the EEOC or the DFEH should be forwarded to the State Chancellor's Office.

Any District employee who receives a harassment or discrimination complaint shall notify the Vice President of Human Resources immediately.

Filing a Timely Complaint

Since failure to report harassment and discrimination impedes the District's ability to stop the behavior, the District strongly encourages anyone who believes they are being harassed or discriminated against, to file a complaint. The District also strongly encourages the filing of such complaints within 30 days of the alleged incident. While all complaints are taken seriously and will be investigated promptly, delay in filing impedes the District's ability to investigate and remediate.

All supervisors and managers have a mandatory duty to report incidents of harassment and discrimination; the existence of a hostile, offensive or intimidating work environment, and acts of retaliation.

The District will investigate complaints involving acts that occur off campus if they are related to an academic or work activity or if the harassing conduct interferes with or limits a student's or employee's ability to participate in or benefit from the school's programs or activities.

Communicating that the Conduct is Unwelcome

Although it is not required, the District encourages students and staff to let the offending person know immediately and firmly that the conduct or behavior is unwelcome, offensive, in poor taste or inappropriate.

Intake and Processing of the Complaint

Upon receiving notification of a harassment or discrimination complaint, the Vice President of Human Resources or designee shall:

- Undertake efforts to informally resolve the charges, including but not limited to mediation, rearrangement of work/academic schedules; obtaining apologies; providing informal counseling, training, etc.
- Advise the complainant that he/she need not participate in an informal resolution of the complaint, as described above, and has the right to end the informal resolution process at any time. Mediation is not appropriate for resolving incidents involving sexual violence. Mediation in all cases is permitted as long as all parties agree.
- Advise a student complainant that he/she may file a complaint with the Office of Civil Rights of the U.S. Department of Education and employee complainants may file a complaint with the Department of Fair Employment and Housing. All complainants should be advised that they have a right to file a complaint with local law enforcement, if the act complained of is also a criminal act. The District must investigate even if the complainant files a complaint with local law enforcement. In addition, the District should ensure that complainants are aware of any available resources, such as counseling, health, and mental health services. The Vice President of Human Resources or designee shall also notify the State Chancellor's Office of the complaint.
- Take interim steps to protect a complainant from coming into contact with an accused individual, especially if the complainant is a victim of sexual violence. The Vice President of Human Resources should notify the complainant of his or her options to avoid contact with the accused individual and allow students to change academic situations as appropriate. For instance, the District may prohibit the accused individual from having any contact with the complainant pending the results of the investigation. When taking steps to separate the complainant and accused individual, the District shall minimize the burden on the complainant. For example, it is not appropriate to remove complainants from classes or housing while allowing accused individuals to remain.

Investigation

The Vice President of Human Resources shall:

- Authorize the investigation of the complaint, and supervise or conduct a thorough, prompt and impartial investigation of the complaint, as set forth below. Where complainants opt for informal resolution, the designated officer will determine whether further investigation is necessary to ensure resolution of the matter and utilize the investigation process outlined below as appropriate. In the case of a formal complaint, the investigation will include

interviews with the complainant, the accused, and any other persons who may have relevant knowledge concerning the complaint. This may include victims of similar conduct.

- Review the factual information gathered through the investigation to determine whether the alleged conduct constitutes harassment, or other unlawful discriminatory conduct, giving consideration to all factual information and the totality of the circumstances, including the nature of the verbal, physical, visual or sexual conduct, and the context in which the alleged incidents occurred.

Investigation of the Complaint

The District shall promptly investigate every complaint and claim of harassment or discrimination. No claim of workplace or academic harassment or discrimination shall remain unexamined. This includes complaints involving activities that occur off campus and in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District's facilities, on a District bus, or at a class or training program sponsored by the District at another location. The District shall promptly investigate complaints of harassment or discrimination that occur off campus if the alleged conduct creates a hostile environment on campus.

As set forth above, where the complainant opts for an informal resolution, the Vice President of Human Resources or designee may limit the scope of the investigation, as appropriate. The District will keep the investigation confidential to the extent possible, but cannot guarantee absolute confidentiality because release of some information on a "need-to-know-basis" is essential to a thorough investigation. When determining whether to maintain confidentiality, the District may weigh the request for confidentiality against the following factors: the seriousness of the alleged harassment; the complainant's age; whether there have been other harassment complaints about the same individual; and the accused individual's rights to receive information about the allegations if the information is maintained by the District as an "education record" under the Family Educational Rights and Privacy Act (FERPA), 20 U.S. Code Section 1232g; 34 Code Federal Regulations Part 99.15. The District will inform the complainant if it cannot maintain confidentiality.

Investigation Steps

The District will fairly and objectively investigate harassment and discrimination complaints. Employees designated to serve as investigators under this policy shall have adequate training on what constitutes sexual harassment, including sexual violence, and that they understand how the District's grievance procedures operate. The investigator may not have any real or perceived conflicts of interest and must be able to investigate the allegations impartially.

Investigators will use the following steps:

- Interview the complainant(s)
- Interview the accused individual(s)
- Identify and interview witnesses and evidence identified by each party
- Identify and interview any other witnesses
- If needed; remind all individuals interviewed of the District's no-retaliation policy
- Consider whether any involved person should be removed from the campus pending completion of the investigation
- Review personnel/academic files of all involved parties as warranted.
- Reach a conclusion as to the allegations and any appropriate disciplinary and remedial action; and see that all recommended action is carried out in a timely fashion.

- When the District evaluates the complaint, it shall do so using a preponderance of the evidence standard. Thus, after considering all the evidence it has gathered, the District will decide whether it is more likely than not that discrimination or harassment has occurred.

Timeline for Completion

The District will undertake its investigation promptly and swiftly as possible. To that end, the investigator shall complete the above steps, and prepare a written report within 90 days of the District receiving the complaint.

Cooperation Encouraged

All employees are expected to cooperate with a District investigation into allegations of harassment or discrimination. Lack of cooperation impedes the ability of the District to investigate thoroughly and respond effectively. However, lack of cooperation by a complainant or witnesses does not relieve the District of its obligation to investigate. The District will conduct an investigation if it is discovered that harassment is, or may be occurring, with or without the cooperation of the alleged victim(s) and regardless of whether a complaint is filed. No employee will be retaliated against as a result of lodging a complaint or participating in any workplace investigation.

Written Report:

The results of the investigation of a complaint shall be set forth in a written report that will include at least all of the following information:

- A description of the circumstances giving rise to the Formal Complaint;
- A summary of the testimony provided by each witness interviewed by the investigator;
- An analysis of relevant evidence collected during the course of the investigation;
- A specific finding as to whether there is probable cause to believe that discrimination, harassment, or retaliation occurred with respect to each allegation in the complaint; and
- Any other information deemed appropriate by the District.

Confidentiality of the Process

Investigations are best conducted within a confidential climate. Therefore, the District does not reveal information about ongoing investigations except as necessary to fulfill its legal obligations. The District will keep the investigation confidential to the extent possible, but it cannot guarantee absolute confidentiality because release of some information on a "need-to-know-basis" is essential to a thorough investigation and to protect the rights of Accused students and employees during the investigation process and any ensuing discipline.

Administrative Determination

- In any case not involving employment discrimination, within 90 days of receiving a formal complaint, the District shall complete its investigation and forward a copy of the investigative report to the State Chancellor, a copy or summary of the report to the complainant, and written notice setting forth all of the following to both the complainant and the Chancellor:
 - The determination of the Vice President of Human Resources or designee as to whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint;

- A description of actions taken, if any, to prevent similar problems from occurring in the future;
 - The proposed resolution of the complaint; and
 - The complainant's right to appeal to the district governing board and the Chancellor.
- In any case involving employment discrimination, within 90 days of receiving a formal complaint, the District shall complete its investigation and forward a copy or summary of the report to the complainant, and written notice setting forth all the following to the complainant:
 - The determination of the Vice President of Human Resources or designee as to whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint;
 - A description of actions taken, if any, to prevent similar problems from occurring in the future;
 - The proposed resolution of the complaint; and
 - The complainant's right to appeal to the District governing board and to file a complaint with Department of Fair Employment and Housing or the U.S Equal Employment Opportunity Commission.

Discipline and Corrective Action

If harassment, discrimination or retaliation occurred in violation of the policy or procedure, the District shall take disciplinary action against the accused and any other remedial action it determines to be appropriate. The action will be prompt, effective, and commensurate with the severity of the offense. Remedies for the complainant might include, but are not limited to:

- Providing an escort to ensure that the complainant can move safely between classes and activities;
- Ensuring that the complainant and alleged perpetrator do not attend the same classes or work in the same work area;
- Preventing offending third parties from entering campus;
- Providing counseling services or a referral to counseling services
- Providing medical services or a referral to medical services;
- Providing academic support services, such as tutoring;
- Arranging for a student-complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant's academic record; and
- Reviewing any disciplinary actions taken against the complainant to see if there is a causal connection between the harassment and the misconduct that may have resulted in the complainant being disciplined.

If the District imposes discipline, the nature of the discipline will not be communicated to the complainant. However, the District may disclose information about the sanction imposed on an individual who was found to have engaged in harassment when the sanction directly relates to the complainant; for example, the District may inform the complainant that the harasser must stay away from the complainant.

Disciplinary actions against faculty, staff, and students will conform to all relevant statutes, regulations, personnel policies and procedures, including the provisions of any applicable collective bargaining agreement.

The District shall also take reasonable steps to protect the complainant from further harassment, or discrimination, and to protect the complainant and witnesses from retaliation as a result of communicating the complaint or assisting in the investigation. The District will ensure that complainants and witnesses know how to report any subsequent problems, and should follow-up with complainants to determine whether any retaliation or new incidents of harassment have occurred. The District shall take reasonable steps to ensure the confidentiality of the investigation and to protect the privacy of all parties to the extent possible without impeding the District's ability to investigate and respond effectively to the complaint.

If the District cannot take disciplinary action against the accused individual because the complainant refuses to participate in the investigation, it should pursue other steps to limit the effects of the alleged harassment and prevent its recurrence.

Appeals and District Final Decision

If the District imposes discipline against a student or employee as a result of the findings in its investigation, the student or employee may appeal the decision using the procedure for appealing a disciplinary decision.

If the complainant is not satisfied with the results of the administrative determination, the complainant may, within fifteen (15) days, submit a written appeal to the district governing board. The governing board shall review the original complaint, the investigative report, the administrative determination, and the appeal and issue a final district decision in the matter within forty-five (45) days after receiving the appeal. A copy of the final district decision rendered by the governing board shall be forwarded to the complainant and to the Chancellor. The complainant shall also be notified of his/her right to appeal this decision.

If the governing board does not act within forty-five (45) days, the administrative determination shall be deemed approved and shall become the final district decision in the matter.

In any case not involving employment discrimination, harassment, or retaliation, the complainant shall have the right to file a written appeal with the Chancellor within thirty (30) days after the governing board issues the final district decision or permits the administrative determination to become final. Such appeals shall be processed pursuant to the provision of Title 5 Section 59350

In any case involving an allegation of discrimination on the basis of race, color, national origin, sex, disability or age, in the provision of programs and services provided by the college, a complainant may also file a complaint with U.S. Department of Education. Complaints may also be filed with the Equal Employment Opportunity Commission or the Department of Fair Employment and Housing (addresses listed below)

If a District, for reasons beyond its control, is unable to comply with the 150-day deadline specified for submission of materials to the Chancellor, the District may file a written request that the Chancellor grant an extension of the deadline. The request shall be submitted no later than ten (10) days prior to the expiration of the deadline established and shall set the reasons for the request and the date by which the District expects to be able to submit the required materials.

A copy of the request for an extension shall be sent to the complainant who may file written objections with the Chancellor within five (5) days of receipt.

The Chancellor may grant the request unless delay would be prejudicial to the complainant.

If a District fails to comply with the requirements by the required deadline, including any extension granted, the Chancellor may proceed to review the case based on the original complaint and any other relevant information then available.

File Retention

The District will retain on file for a period of at least three years after closing the case copies of:

- The original complaint;
- The investigatory report;
- The summary of the report if one is prepared;
- The notice provided to the complainant, of the District's administrative determination and his or her right to appeal;
- Any appeal; and
- The District's final decision.

The District will make such documents available to the State Chancellor upon request

Where the complaint allegation consists of Sexual Misconduct, as defined by Title IX, the following applies:

Sexual Misconduct

Sexual misconduct includes sexual harassment and sexual violence.

- Sexual harassment may include unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the work or education setting.
- Sexual violence refers to physical sexual acts perpetrated against a person's will or when a person is incapable of giving consent due to the victim's use of drugs or alcohol or due to an intellectual or other disability. Sexual violence includes rape, sexual assault, sexual battery, and sexual coercion.
- Affirmative consent means an affirmative, conscious, and voluntary agreement to engage in sexual activity.

Sexual misconduct creates a hostile environment if the conduct is sufficiently serious that it interferes with or limits a student's ability to participate in or benefit from the District's program. A single or isolated incident may create a hostile environment if the incident is sufficiently severe.

Complaint Procedure

Where the complaint involves a minor, the District will comply with California mandated reporting requirements.

All responsible employees are required to report all actual or suspected sexual misconduct to the Title IX Coordinator immediately. A responsible employee is any employee who has the authority to take action to redress sexual misconduct, who has been given the duty of reporting incidents of sexual misconduct to the Title IX Coordinator or Vice President of Human Resources or designee, or whom a student or employee could reasonable believe has this authority or duty. The District is on notice if a responsible employee knew, or in the exercise of reasonable care should have known, about the sexual misconduct.

Any person may make a complaint by contacting the Title IX Coordinator directly. The District's Title IX Coordinator is the Vice President of Human Resources. The Title IX Coordinator will receive all relevant details about the alleged sexual misconduct reported to the District responsible employee in order to determine what occurred and how to resolve the situation. This includes the names of alleged victim and alleged perpetrator (if known), and the date, time, and location of the alleged sexual misconduct.

Privileged or Confidential Reporting

A responsible District employee should, whenever possible, before a student or employee reveals information that he or she may wish to keep confidential, ensure that the person making the report understands the employees obligations to report to the Title IX Coordinator, the victims option to request confidentiality, which the District will take into consideration, and the victims ability to share the information confidentially with designated District employees.

Professional, licensed, mental health counselors, and pastoral counselors, who provide mental-health counseling to members of the District community, or interns, graduate students, and others

supervised by professional licensed counselors, are not required to report any information to the title IX Coordinator.

Non-professional counselors who work or volunteer in health center, victim advocacy office, women's center, etc., including front desk personnel and student employees in the course of their duties, may maintain confidentiality. They are not required to report actual or suspected sexual misconduct to the Title IX Coordinator in a way that identifies the student without the victims consent.

Authority over Parties

The District has authority over students, employees, and third parties for alleged violations of this policy that occur on District property. The District has authority over District employees and students for alleged violations of this policy that occur at District activities or events. The District may exercise authority over events that occur off-campus to determine if the conduct occurred in the context of an education program or activity or had continuing effects on campus or in an off-campus education program or activity.

Standard of Proof

The District will use a "preponderance of the evidence" standard of proof in determining whether there has been a violation of this policy. This standard of proof is also known as "more likely than not" standard.

Upon Receiving the Complaint – Health and Safety

The Title IX Coordinator or designee, will make an immediate assessment concerning the health and safety of the victim and campus community as a whole. The District will provide the reporting party and responding party victim with immediate, interim measures necessary to protect his or her health and safety. These immediate interim measures may include:

- Providing an escort
- Ensuring that the victim and perpetrator do not attend the same classes or work in the same area
- Preventing offending third parties from entering campus
- Providing counseling services or a referral to counseling services
- Providing academic support services

Where the District determines that there is a substantial threat to the campus community, it will issue a timely warning. The District will issue the warning according to District Administrative Procedures. The District will not to disclose the victim's name or other identifying information when issuing the warning.

Communicating that the Conduct is Unwelcome

The employee or student may, but is not required to let the offending person know immediately and firmly that the conduct or behavior is unwelcome, offensive, in poor taste, or inappropriate.

Intake and Processing of the Complaint

The Title IX Coordinator will not use mediation or any similar process to informally resolve a sexual misconduct complaint.

If the District determines that a sexual misconduct complaint is appropriate for informal resolution, it may permit an informal resolution, including mediation. All parties, including the complainant and

respondent, must receive full disclosure of the allegations and information about options for formal resolution before voluntarily agreeing to participate in an informal resolution. If parties agree to an informal resolution, the District does not have to complete a full investigation and adjudication of a report of sexual misconduct.

Confidentiality

Where the victim requests confidentiality regarding a reportable incident or that the District not conduct an investigation, the District will take all reasonable steps to comply with the victim's request or inform the victim when it cannot ensure confidentiality. investigate while honoring the request. The District will not disclose the name of the victim unless the victim provides written consent after being informed of his/her right to have the information withheld. Where the victim insists that the District not disclose his or her name or other identifiable information to the alleged perpetrator, the District will inform the victim that its ability to respond will be limited. The District will evaluate this request in the context of its responsibility to provide a safe and nondiscriminatory environment for all employees and students. When weighing a request for confidentiality against the seriousness of the alleged harassment, the Title IX Coordinator will take the factors listed above into consideration.

Fact-Finding Investigation

Where the victim has filed a criminal complaint with local law enforcement, the District will consider what information the District is able to share, pursuant to state and federal law, to ensure that victims are not unnecessarily required to give multiple statements about a traumatic event. The District will continue to conduct its own thorough, reliable, prompt, and impartial investigation. The District will normally complete its sexual misconduct investigation within 960 business days of receiving the complaint, unless extended by the Title IX Coordinator for good cause. The Title IX Coordinator will notify the victim and accused in writing of the reason for the extension and the projected new timeline.

The victim and accused will have equal opportunity to present relevant witnesses and other evidence to the District investigator. The District will provide the same opportunities to the victim and accused, for example if the District permits the victim or accused to have a lawyer or other advisor present, it must do so for the other party. Any District imposed restrictions on the ability of a lawyer or other advisor to speak or participate in the interview must also apply equally..

The results of the fact-finding investigation will be set out in a formal investigative report which will include the requirements listed above and a credibility determination of the victim, accused, and witnesses.

Reporting to State Chancellor's Office

The District considers all sexual misconduct complaints to be formal complaints. The Vice President or designee must notify the State Chancellor's Office of any sexual misconduct complaints. Upon completing the investigation, the District shall forward to the Chancellor's Office a copy of the investigative report and administrative determination and to the complainant a copy or summary of the investigative report and administrative determination.

Dissemination of Policy and Procedures

District Policy and Procedures related to harassment will include information that specifically addresses sexual violence. District policy and procedures will be provided to all students, faculty members, members of the administrative staff and members of the support staff, and will be posted on campus and on the District's website.

Initial Hire

When hired, employees are required to sign that they have received the policy and procedures, and the signed acknowledgment of receipt is placed in each employee's personnel file. In addition, these policies and procedures are incorporated into the District's course catalogs and orientation materials for new students.

Supervisory Employee Training

By January 1, 2006, the District shall provide at least two hours of classroom or other effective interactive training and education regarding sexual harassment to all supervisory employees who are employed as of July 1, 2005. All new supervisory employees must be provided with the training and education within six months of their assumption of a supervisory position. After January 1, 2006, the District shall provide sexual harassment training and education to each supervisory employee once every two ~~years.~~years.

The training and education required by this procedure shall include information and practical guidance regarding the federal and state statutory provisions concerning the prohibition against and the prevention and correction of sexual harassment and the remedies available to victims of sexual harassment in employment. The training and education shall also include practical examples aimed at instructing supervisors in the prevention of harassment, discrimination, and retaliation, and shall be presented by trainers or educators with knowledge and expertise in the prevention of harassment, discrimination, and retaliation.

Supervisor's harassment training must also address potential exposure and liability for employers and individuals, supervisor's obligation to report sexual harassment, discrimination, and retaliation when they become aware of it, appropriate remedial measures to correct harassing behavior, and a review of "abusive conduct."

The District will maintain appropriate records of the training provided, including the names of the supervisory employees trained, the date of training, sign in sheets, copies of all certificates of attendance or completion issued, the type of training provided, a copy of all written or recorded training materials, and the name of the training provider. If the training is provided by webinar, the District will maintain a copy of the webinar, all written materials used by the training and all written questions submitted during the webinar, and document all written response or guidance the trainer provided during the webinar. The District will retain these records for at least three years.

Staff Training

Training of all staff will be conducted. This includes counselors, faculty, health personnel, law enforcement officers, coaches, and all staff who regularly interact with students. Training for academic staff should emphasize environmental harassment in the classroom. The District will also provide training to students who lead student organizations. The District should provide copies of the sexual harassment policies and training to all District law enforcement unit employees regarding the grievance procedures and any other procedures used for investigating reports of sexual violence.

Formatted: Font: Bold

In years in which a substantive policy or procedural change has occurred, all District employees will attend a training update and/or receive a copy of the revised policies and procedures.

Participants in training programs will be required to sign a statement that they have either understood the policies and procedures, their responsibilities, and their own and the District's potential liability, or that they did not understand the policy and desire further training.

Education and Prevention for Students

In order to take proactive measures to prevent sexual harassment and violence toward students, the District will provide preventive education programs and make victim resources, including comprehensive victim services, available. The District will include such programs in their orientation programs for new students, and in training for student athletes and coaches. These programs will include discussion of what constitutes sexual harassment and sexual violence, the District's policies and disciplinary procedures, and the consequences of violating these policies. A training program or informational services will be made available to all students at least once annually.

The education programs will also include information aimed at encouraging students to report incidents of sexual violence to the appropriate District and law enforcement authorities. Since victims or third parties may be deterred from reporting incidents if alcohol, drugs, or other violations of District or campus rules were involved, the District will inform students that the primary concern is for student safety and that use of alcohol or drugs never makes the victim at fault for sexual violence. If other rules are violated, the District will address such violations separately from an allegation of sexual violence.
