III. DISCUSSION ITEMS

While stating ASO's mission statement Brandon Zavala expressed his opinion that ASO should have an approach toward March in March as if it needs to happen. He stated that the passing of Prop 30 was a temporary aid to a long term problem and we must continue to show interest and support. He concluded by saying that Dr. Bednar is willing to attend event as the advisor if needed.

Brandon Zavala also talked about the IT committee working on the ASO voting. After future discussion some students did not feel that there was a problem with the voting while others said they did. Dr. Z is concerned that this is not an IT issue but that if any students who are not running for an ASO position next are interested in looking into ASO they can talk with Dr. Z about this. There are companies that do this that we can look into if ASO want to explore this.
