

## CTEOS Trend Data (2017-2022)

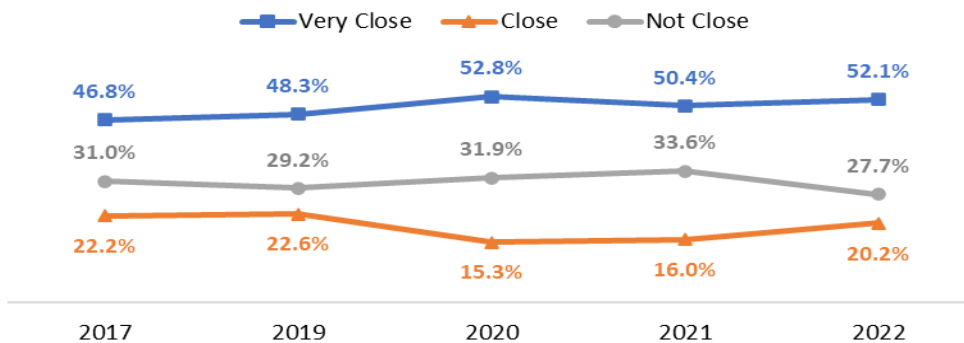

The following information is from the Career & Technical Education (CTE) Employment Outcomes Survey 2017, 2019, 2020, 2021, and 2022 reports. Completers and skill-building students were surveyed two years after earning a certificate, vocational degree, or earning 9+ CTE units and administered via email, text message, or phone. (Note: 2017 N=1,245; 2019 N=1282; 2020 N=1275; 2021 N=1371, 2022=1534)

### How satisfied are students with the education and training they received?

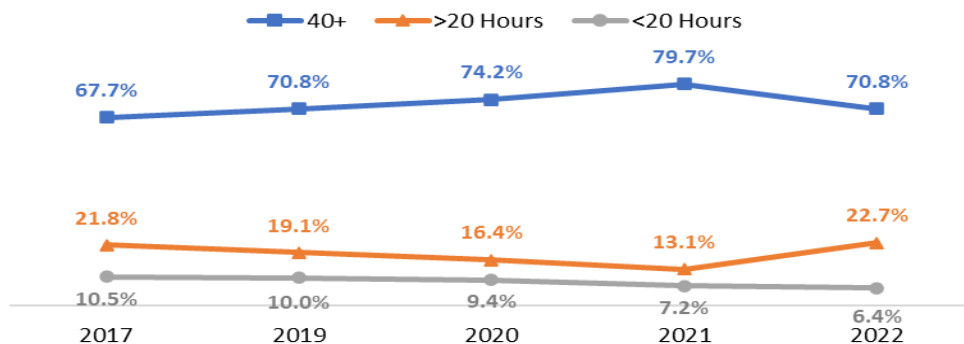

While satisfaction with education and training has increased in recent years, there was a decline in the percentage of students who said they were 'very satisfied' or 'satisfied' and an increase in the percentage of students who selected the 'other' category.

### How many students secured a job that is closely related to their program of study?

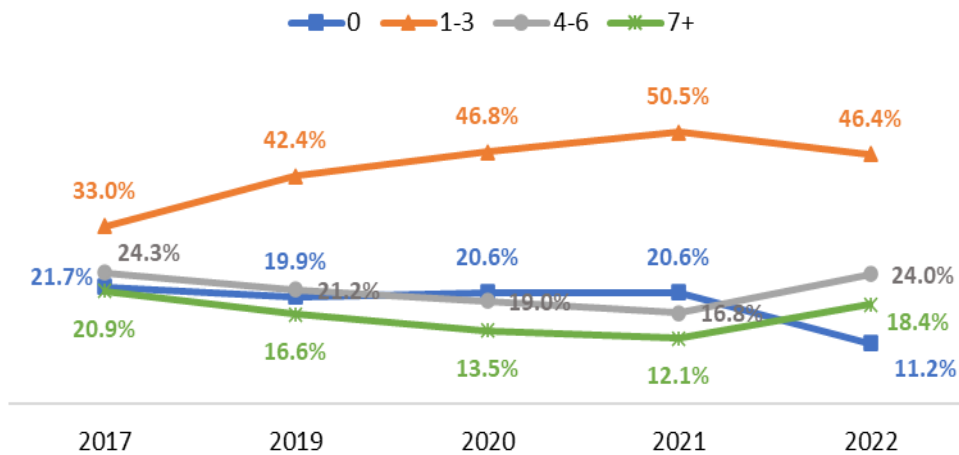

Most students have indicated that they secured a job **closely related** to their program of study. The second most selected answer to this question is that job is **not closely** related to their program of study. In the past two years, there has been a slight increase in the percentage of students who indicated there is not closely related to their program of study.

### How many hours per week are employed students working?

The percentage of students securing full-time employment (or 40 hours and higher) notably decreased in 2022, and those who indicated that they were employed 20 hours or greater at the time of the survey increased.

### How many months did it take students to find a job?

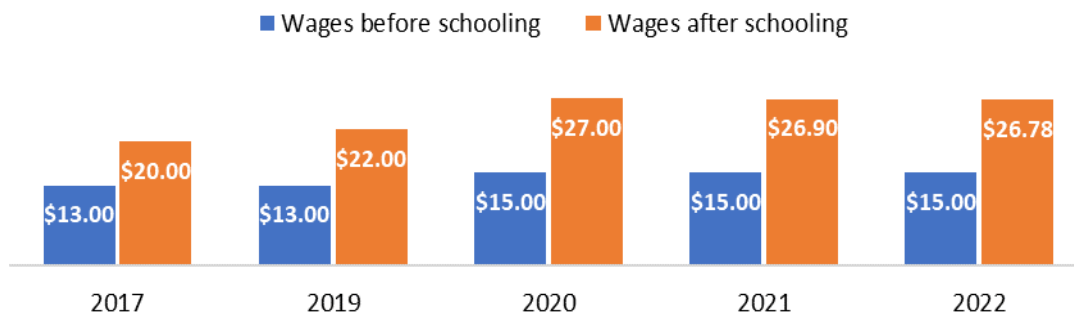

Most students secure jobs within 1-3 months of finishing the program. The percentage of students who indicated that it took them 4-6 months and 7+ months to find a job is declining.

### What is your current employment status?

| Employment Status                  | 2017  | 2019  | 2020  | 2021  | 2022  |
|------------------------------------|-------|-------|-------|-------|-------|
| Employed at one job                | 61.0% | 61.5% | 61.6% | 66.4% | 67.3% |
| Employed at more than one job      | 11.8% | 11.0% | 10.1% | 9.4%  | 6.9%  |
| Unemployed, seeking work           | 11.5% | 9.4%  | 11.6% | 11.7% | 14.7% |
| Self-employed                      | 7.6%  | 7.1%  | 6.6%  | 2.9%  | 6.9%  |
| Unemployed, not seeking work       | 5.3%  | 7.4%  | 7.8%  | 7.2%  | 1.8%  |
| Unpaid work, seeking paid work     | 1.7%  | 1.5%  |       | 0.7%  | 0.9%  |
| Unpaid work, not seeking paid work | 1.1%  | 2.0%  | 0.6%  | 0.7%  | 1.5%  |
| Furloughed                         |       |       | 1.7%  | 1.0%  |       |

The proportion of students who responded that they were unemployed and seeking work increased in 2022.

### What is the hourly wages of students before training versus after training?

In the past three years, wages have remained steady for survey respondents.
