I. Opening comments from the Co-chairs	<i>Scott Lee/Kathy Bakhit</i>	The meeting was called to order at 3:16pm. Scott welcomed the committee back to the new academic year and VP Bakhit did as well. VP Bakhit introduced herself and asked everyone to go around the room and introduce themselves.
II. Minutes 4/27/2023	<i>All</i>	Motion to approve Minutes for 4/27/23 Motion seconded Motion approved

		<p>Curriculum Institute regarding the 8th edition PCAH, AB 928, the proposed Title 5 Associate Degree GE pathway, and AB 1111. He will send it out to all members after the meeting. Scott encouraged everyone to share the updates from AB 928 and AB 1111 at their division meetings.</p> <p>ACCJC Approval: Robyn mentioned that all new programs, CTE programs, substantially revised programs, and bachelor programs all need ACCJC approval after getting Chancellor’s Office approval which will make the approval process even longer. VP Bakhit said that any time you have a substantial change in your program, you have to submit a substantive change report to ACCJC. New programs have to do that anytime there is a major change where it’s impacting more than 50% of the program.</p> <p>Training Schedule - volunteers: Scott reminded the committee members they are required to provide 2 hours of training per semester on the use of eLumen and only 1 person has signed up. This is a requirement of the committee. Contact curriculum to sign up.</p> <p>Meeting schedule: 11/30/23 meeting is up in the air because the Academic Senate also has their last meeting that day. We may have another meeting on 11/16/23 instead.</p>
<p>IV. Discussion</p> <ul style="list-style-type: none"> - Tech Review Group Name Change - 23-24 AP&P Handbook - Committee Goals - Noncredit course numbering - Addendum - Revision List <ul style="list-style-type: none"> - work experience courses - Impact report - Catalog review 	<p><i>Scott Lee</i></p>	<p>Items Discussed:</p> <p>Tech Review Group Name Change: Scott would like to change the name of the Tech Review Sub-Committee to the Tech Review Workgroup due to the restrictions of the Brown Act rules and regulations.</p> <p>Follow-up: This will be an action item on the next agenda.</p> <p>23-24 AP&P Handbook: Scott said he would like to change the Outcomes roles in this committee. Right now the Outcomes Committee assigns 2 people to this committee and they do outcomes evaluation review and they’re also voting members of this committee, that’s what is in this handbook. He spoke to Gary and a few other people and he would like to change that. He would like us to move outcomes</p>

outcomes to just be 2 members from outcomes who have access to eLumen and can provide review and evaluation of student learning and program learning outcomes without being actual voting members of the committee. They are not members of the committee, they don't have to attend these meetings. VP Bakhit said this will need to go through the Senate Committee to be voted on. Gary and Paul have volunteered. Scott will send out the updated AP&P Handbook later today or tomorrow. Review it and come back with any suggestions or feedback.

Follow-up:

This will be an action item on the next agenda and this committee will recommend this change to the Senate.

Committee Goals:

Scott tabled the Committee Goals to the next meeting.

Noncredit course numbering:

We need a numbering system for the noncredit courses. Right now we have some 100s, 200s, and some starting with 0. Scott asked if anyone has ideas for the numbering so it's easier for students to understand. Tamira recommended starting with 0. James said 900s. LaDonna said we need to think about non credit certificates and transcripts because there are inconsistencies. She also stated noncredit can not be 300 and 400. Cindy Littlefield mentioned the music course on the agenda and they put NC behind the number. Jessica would like to stay away from the 100, 200, 300, 400 level. VP Bakhit said that another campus has NC before the discipline (ex. NC.MATH095). Tanya wants to keep it simple, we need to have a legend and keep it mainstream, she has seen colleges use 500, 600, & 700 for noncredit. LaDonna said that most transcripts have 100 & 200 for lower division, 300 & 400 for upper division, and 500 & above for graduate. She said we need to stick with a standard that way our students and their coursework is easily evaluated by other institutions. We will send out a list of suggestions for the course numbering so everyone can look at it.

Academic Policies & Procedures

	<p>Follow-up: This can be an action item at the next meeting.</p> <p>Addendum - Revision List: Scott reminded everyone to look at the list that was attached to the agenda packet and communicate to the faculty in their areas who haven't started their revisions yet. VP Bakhit reminded everyone that we must keep courses and programs up to date in order to offer them. September 30th is the deadline to submit all course and program revisions in order for them to be reviewed this semester.</p> <p>Robyn mentioned that if a course changes units then you need to go into the program and manually change it because eLumen does not do it automatically. Also, the division specific work experience courses have been added to the revision list and need to be updated because WE199 is going away. If faculty want the work experience courses in their programs then they need to update the division specific work experience courses. Kathryn mentioned that they need to add it to their program as an elective.</p> <p>Catalog review: VP Bakhit stated that multiple people told her there are discrepancies between different documents online that have an impact on the catalog. The catalog does not reflect what was approved by this committee and went to the Chancellor's Office which is really concerning because counselor's use the catalog to create ed plans for students. The spreadsheet that was sent out is not the best, she doesn't want to send out something that isn't crisp, clean, and accurate. We will be working and communicating with all the divisions on this to make sure the curriculum is accurate. The 23/24 catalog is not published yet and that is problematic for counselors. The reason it's not published yet is because the revisions have not been verified by faculty and chairs. We will be communicating with you shortly regarding what needs to be checked. Robyn let everyone know if there is an issue with verbiage in the catalog then the faculty need to use the Catalog Amend workflow. You can find this workflow by clicking on the actions menu and</p>
--	---

Academic Policies & Procedures

		<p>then click amend and choose the catalog amend workflow. The issue came up with the recommended pathways and choosing GE courses for the students. Faculty want the student to be able to choose but when you select “choose any” a huge list of courses come up. VP Bakhit said that this is a very important conversation and it’s going to have to happen in guided pathways. Tanya said students are registering for pre-populated plans in EduNav and these courses are based on the 22/23 catalog because they are waiting for the 23/24 catalog to be accurate and ready to go. So any programs or courses that have changed from last year are not being relayed to the students and they are registering.</p> <p>Impact report: Scott said when changing your courses, remember to look at the impact report because that change can have a ripple effect and end up harming a number of programs. Just be wary of that, especially if changing the units because you could be affecting other programs that are now too low or too high in their units. Robyn gave an example of programs that currently have deactivated courses in them. If you click on a course and then click the impact report it should show you everything that it will affect. Things like deactivating a course, changing units, changing the name all affect the programs.</p>

PETITION FOR CREDIT BY EXAMINATION
INFORMATION, CONDITIONS AND RESTRICTIONS

INFORMATION:

A currently enrolled student may challenge certain courses offered by the College for any of the following purposes:

- Satisfying prerequisites.
- Meeting graduation unit requirements.
- Obtaining course credit for equivalent experience or competency.

Students MAY NOT be registered for the course being challenged.

Students may be permitted to obtain credit by examination in selected subjects designated by a division in which the course is taught. A fee is charged for each examination. Students must be qualified to challenge a course by examination through satisfaction of prerequisites for the course or previous experience or training. The grade and credits received after satisfactory completion of examinations will be entered on the student's permanent record. The student's academic record shall be clearly annotated to reflect that the credit was earned by examination.

The results of the examination will be entered on the student's record. At the time a request is submitted, students must indicate whether they wish a letter grade, or a grade of "Pass/No Pass" (if allowed).

One year must elapse before a request for re-examination will be considered.

CONDITIONS AND RESTRICTIONS:

1. Students must be currently enrolled at AVC.
2. Students must submit challenge forms within the first four weeks of the semester.
3. Students challenging a course must complete the examination by Friday of the seventh week of the semester.
4. Students may challenge a maximum of four courses during their enrollment at AVC.
5. Challenge forms are available only in the fall and spring semesters. Summer forms are available only with the written permission of the instructor.
6. The units received by examination may not be used to satisfy the college's residency requirements.
7. Credit received is not applicable for financial aid, veteran's pay, or athletic eligibility.

CREDIT BY EXAMINATION COURSE LIST

**PETITION FOR CREDIT BY EXAMINATION
REQUEST PROCEDURE**

PROCEDURE:

1. Students requesting credit by examination must be currently registered at AVC and actively participating in course(s). Students MAY NOT be enrolled in the course they are challenging.
2. A student wishing to challenge a course must submit the completed Petition for Credit by Examination form to Admission and Records within the first four weeks of the semester. The form shall indicate if the course is to be challenged for grade or "Pass/No Pass".
3. Students whose form has been approved by Admissions & Records will be required to pay the current per-unit enrollment fee to the Cashier's Office.
4. The student then submits the form to the appropriate Division Dean and instructor for approval. It is the student's responsibility to make the necessary arrangements with the instructor.
5. The student should request a copy of the completed Petition for Credit by Examination form from the Division.
6. The form is forwarded to Admissions & Records by the Division Office with the final grade.
7. The grade will be posted to the record at the end of the semester.
8. The student is notified that a change has been made to their academic record by email.

College Level Examination Program (CLEP)

* Essay may be required for credit at Antelope Valley College. The UC does not grant credit for any CLEP exams. Some CLEP exams can be used to satisfy CSU General Education Certification. However, the application of CLEP credit to major requirements can vary from campus to campus. Check the appropriate catalog and consult a counselor. (This information is subject to change. Please speak with a counselor for the most current requirements.)
