

A.A. Liberal Arts Sciences: Math and Sciences 24-25

ABOUT THIS MAJOR

It is designed for students who wish to explore different disciplines (subject areas) before deciding on a definite major program prior to transferring to a four-year university, or for students who may not be planning to transfer but wish

to earn a degree in a particular area of study that interests them. Students planning to transfer to a four-year university are cautioned that this degree may not meet all the lower division requirements for transfer into a particular major; however, through careful educational planning with a counselor, this degree would offer a solid foundation in the transfer process.

Residency: Minimum of 12 units completed at AVC with a minimum of 9 of those units completed from the certificate/major. (credit earned by examination will not be included in these 12 units) Title 5, Section 54000: <http://ccr.oal.ca.gov>.
