Corequisite support materials are being developed for both Math 149 and Math 150. Math 135 and Math 140 will not exist starting Fall 2025.</p> <p>Mariko’s Trig Experiment – Mariko gave a readiness test in Math 135. 2 people passed. She gave them the chance to retake the test. She let them know about tutoring center and other tutoring resources and worked with them in office hours. 24 more people have passed. She considers this a successful experiment, partly because she got to know each student through this process.</p>
